## PRESIDENT NAMES HIS DOCTOR TO BE BRIGADIER-GENERAL

White House Announces Dr. Sawyer Will Make Survey of Health and Educational Matters.

## CO-ORDINATION OF AGENCIES SOUGHT

Law Permits Executive to Nominate Men for Army Reserve and Call Them to Active Service.

WASHINGTON, March 9.—Dr. C. E. Sawyer, who was nominated today by President Harding to be White House physician with the rank of Brigadier General in the Army Medical Reserve Corps, also will make an investigation of public health matters for Mr. Harding. He will be authorized to formulate suggestions for a concrete plan of co-ordination of Government agencies for safeguarding public welfare.

This was disclosed today in a statement issued at the White House. The assignment of Dr. Sawyer to this work was taken as the first step of President Harding to carry out his previously announced plan for the creation of a new governmental Department of Public Welfare.

President Harding, said the White House statement, "has long since been convinced that the affairs relating to public welfare, such as public health, education and social justice, are so intimately related and so vital to the nation's perpetuity, that he has decided to begin at once a careful survey of all matters pertaining to this subject."

That there may be no delay he has nominated Dr. Charles E. Sawyer of Marion, O., a man of long and practical experience in such matters, to a brigadier-general in the medical section of the Officers' Reserve Corps of the United States army and thereby securing the services of Dr. Sawyer as physician at the White House when professional attention is necessary, but also giving to him direct authority to make a thorough investigation of the needs of these subjects and to present the accumulated facts with such suggestions as his observations may warrant in the bringing about of a concrete plan of co-ordination and most efficient and economic operation of these affairs. Dr. Sawyer's duties are to begin immediately.

## PRESIDENT ACTS UNDER ARMY LAW IN APPOINTMENT

Elevation of Dr. Sawyer Recalls Controversy Over Promotion of Dr. Grayson.

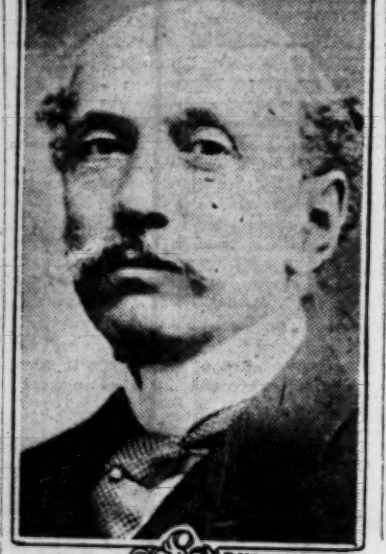

By the Associated Press.  
WASHINGTON, March 9.—Much adverse criticism was caused by the announcement yesterday of Secretary of War Weeks that President Harding would nominate his family physician, Dr. C. E. Sawyer, to be a Brigadier General in the Army Medical Reserve Corps. Upon confirmation by the Senate it is planned that Dr. Sawyer will be assigned to active duty at the White House as the personal physician of the President, taking the place held under President Wilson by Rear Admiral Cary T. Grayson.

As a Brigadier General of the army Dr. Sawyer will bring his total compensation to about \$7,512. There is no precedent for promoting a civilian doctor into high army rank that he may act as the President's personal physician on army pay, but President Harding is acting under the terms of the army reorganization act of June 4, 1920, which authorizes the appointment of an unlimited number of officers in the army to serve subject to confirmation by the Senate and permits the calling of these officers into active service.

The age limit of active service in the army is 64 years, but the President or Secretary of War has the power to continue an officer on active duty beyond that age.

During the world war Dr. Sawyer was connected with the medical section of the Council of National Defense, but he did not have a commission in the army. He is the head of

## \$114,967,770 OF WILSON WAR FUND DISBURSED

Baruch Received \$150,000 for Expenses at Peace Conference—Reports Not Complete.

WASHINGTON, March 9.—It will require at least three months for the Treasury Department to submit an itemized statement showing detailed expenditures under the \$150,000,000 special war funds, set aside for use by the President. Such a statement was called for in a resolution adopted two weeks ago by the House.

In the report transmitted by President Wilson, and made public today, total net disbursements were \$114,967,770.

President Wilson sent to the House a letter from the Secretary of the Treasury saying: "In view of the fact that the disbursements represent for the most part advances of funds for disbursing officers upon accountable warrants, it cannot be said that the figures are final or that they necessarily represent actual expenditures."

Much of the fund allotted to the State Department was for use in Russia, including \$5,000,000 for the civilian population in the Archangel district and \$4,500,000 for operation and maintenance of the transiberian and Chinese Eastern railways.

B. M. Baruch, a technical adviser to the peace mission, was allotted \$150,000 for expenses.

The Treasury said in its letter accompanying the report that the principal accounts of the war appropriations were in a number of cases reimbursed in full or in part and that the amounts of allotments so restored were available for allotment.

## CHANGE FROM SHORT TO LONG PANTS DOUBLES THE FINE

Youth Recognized as Second Traffic Law Offender and Fined \$50 in Police Court.

The metamorphosis of a traffic law offender from short to long pants was accompanied in Judge Itner's court by a doubled fine.

Frank Stemmer Jr., 17, of 2124 Gravois avenue, was charged with careless driving, due to the fact that there were no lights on his automobile when it struck Miss Irene Clemens, 2202 Osage street, at Potomac street and Jefferson avenue on Feb. 23.

The Judge established by questioning Stemmer that he had been fined \$25 for speeding about a month ago.

"You wore short pants then, didn't you?" the Judge inquired.

Stemmer replied that he did.

"Well, now that you are in long pants," the Judge remarked, "I guess you can stand \$50."

Stemmer was fined \$50.

## PREMIER OF SPAIN ASSASSINATED IN STREET OF MADRID

Eduardo Dato Shot in Back of Head When Riding in Auto From Senate Chamber to His Home.

## SLAYERS ESCAPE IN MOTORCYCLE

Count de Bugallal to Head Government Temporarily Until King Alfonso Appoints Dato's Successor.

MADRID, March 9.—Eduardo Dato, Premier and Minister of Marine, was assassinated while returning to his home from a late session of the Spanish Senate last night. Immediately after the news was received in official quarters, arrangements were made to carry on the Government until a new Premier could be appointed by King Alfonso. The Count de Bugallal, Minister of Interior, will act as temporary Premier.

All trace of the men who killed the Premier was lost in the excitement attending the assassination. Immediately after the crime had been committed, the criminals, who were riding in the side car of a motor cycle, sped away and disappeared.

Followed by Assassins.

Premier Dato left the Senate chamber at 8:30 o'clock and entered his car. The machine was driven through Calle Arenal to Puerto del Sol, and thence through Calle de Alcalá. A motor cycle with a side car carrying two men had followed the Premier's motor cycle.

When the Premier's car had reached the Plaza Independencia, near the Dato's home, the motor cycle increased its speed and approached the side of the Premier's automobile. At that point the streets are quite narrow, owing to the fact that a large park borders on the right side of the plaza.

When the motor cycle had drawn up even with the automobile, the two men in the inside and the driver of the machine opened fire upon the Premier. 21 shots being discharged. The whole tragedy was enacted in a few moments, as the last shot was fired the motor cycle swung into a side street and vanished.

The driver of the Premier's car, hearing the firing, increased his speed. The Premier shouted: "I am wounded, stop the car." The chauffeur found the Premier severely wounded about the head, but able to speak. He said he was badly hurt. The driver rushed to his seat and drove to a dispensary on Calle Olozaga, nearby, where first aid was administered. Senor Dato was conscious when taken from the automobile but collapsed in a few minutes, and died when at the dispensary.

Three Wounds in Head.

He had three wounds in the back of his head. The car in which he was riding was riddled with bullets.

At the session which the Premier had been attending, the Minister of Labor had introduced a bill extending the provisions of the labor accident law to agricultural workers.

An official report says the assassins are believed to have been Sicilianists.

Senor Dato and her three daughters arrived at the hospital too late to see the Premier alive.

Eduardo Dato was recognized as one of the most conservative of the Conservatives in Spain. He became leader of the Liberal-Conservative party, the strongest political group in both the Senate and the House of Representatives, after the disappearance of Canovas. Never a friend of the working classes and opposed to all reforms, Dato acquired the height of his reputation for sternness in 1917, when he suppressed the movement.

Besides holding portfolios in various Cabinets, he was the Prime Minister a number of times. Although apparently of gentle temperament, Dato possessed a will of iron and never discussed a subject with anyone else he had made up his mind on it.

Dato was born in La Coruna, Aug. 12, 1854, and studied law. During his occupation of the Ministry of the Interior he secured the passage of laws regulating workmen's insurance and the hours of labor for women. Dato was married in his early youth and was the father of three children.

## Movement Begun for Nation-wide Tribute to Woodrow Wilson

By the Associated Press.  
NEW YORK, March 9.—Plans for a nation-wide tribute to Woodrow Wilson in appreciation of his services for world peace will be discussed at a meeting here next Tuesday. The committee in charge includes Thomas W. Lamont, Hamilton Holt, Charles P. Howland and Edwin R. A. Seligman.

The exact form of the tribute has not been decided upon, but none of the plans has taken the form of a personal gift. The committee announced its intention of making the organization nation-wide.

## DETECTIVES TRYING TO DETECT EMPLOYER

Investigation of "Industrial Controversies" Halted to Search for Missing Chief.

Investigation of certain "industrial controversies" has been halted by the investigators, who have consolidated their investigating ingenuity in an effort to find out what has become of the man who hired them as private detectives.

The object of the search is S. B. Newcomb, 38 years old, of 3536 Clark avenue, who formerly conducted the Consolidated Service Co., in suite 329-330 Old Fellows' Building, but who has not been at his office or his home since last Thursday.

Private detectives who are seeking Newcomb say he employed them to investigate "industrial controversies," that is, disputes between certain employers and their employees in which the question of wages, as well as other working conditions, figured.

The investigators have dropped the work because, they say, the result is just an "industrial controversy" with Newcomb, in which their wages is the paramount issue.

As a result of Newcomb's departure, the private investigators have been making frequent trips to the Odd Fellows' Building, inquiring to ascertain what chance they have of getting wages due them. The office has been closed since last Thursday.

One investigator, in telling his story to the Post-Dispatch today, said that he came here from Chicago Feb. 15 to accept a position with the Consolidated Service Co. He said that Newcomb offered to pay him \$150 a month and all expenses. He was assigned to investigate a labor dispute, he said.

## HOSPITAL REPORT CRITICISES CITY ADMINISTRATION

Conditions at Isolation Hospital, for Persons With Contagious Diseases, Said to Be Intolerable.

## DILATORY, WASTEFUL PRACTICES ALLEGED

Remedies Are Suggested in Report, Made Public by Pediatric Society, Organization of Physicians.

A report of a minute investigation of the Isolation Hospital at 5600 Arsenal street, the city institution for the care of persons afflicted with contagious diseases, was made public today by the St. Louis Pediatric Society, an organization of physicians.

The general finding is that conditions are intolerable and an analysis of the reasons is a criticism of the city administration for dilatory and wasteful practices. Certain remedies are suggested. The investigation committee, whose report was adopted last Saturday, was composed of Dr. Borden S. Veeder, chairman; Dr. T. C. Hempelmann and Dr. Gustav Lippmann. The chief findings of fact in the report are:

1. The present municipal accommodations for contagious diseases are absolutely inadequate. 2. Patients with different contagious diseases are being kept together in the same ward, and isolation is a result of defective physical equipment, so that they are a menace to one another. 3. The present method of ignorance or lack of care on the part of the hospital physicians and nursing staff. Even if further facilities were available at the present time, the committee feels that this incomplete portion of the original plans for the isolation hospital does not provide proper or modern and accepted methods for the segregation and isolation of new cases. Without such separation and isolation the remaining building is used for cases of contagious diseases at the isolation hospital may be termed archaic.

The committee further found a condition which it considers very repulsive, but which is an offense against the sensibilities rather than a danger or a menace from the patients. To the rear of the building is a small temporary wooden building, divided into two parts by a partition. In one part the more promptly can those who are now idle be re-employed and a basis established for renewed prosperity.

In making a readjustment of salaries and wages, it is but fair and proper that the burden should be borne by all officers as well as employees.

## ST. LOUIS ROADS PLAN TO CUT PAY OF COMMON LABOR

First Step Through Conferences With Representatives of the Unions.

Following an announcement today by the Missouri, Kansas & Texas (M.K.T.) Railroad that the wages of common laborers employed by it would be reduced April 10, it was said by a high railway official that similar action is contemplated by all the roads having general headquarters in St. Louis, which includes the Frisco, Wabash, Pennsylvania, Cotton Belt, Terminal and Wiggins Ferry lines.

E. C. Willis, assistant general manager of the Missouri Pacific, pointed out that the roads are forbidden, under the transportation act, from summarily reducing wages. First they must confer with the representatives of the unions, and attempt to induce them to accept the proposed reductions. If no agreement can be reached that way, the case goes before the Railway Labor Board.

Katy officials will meet the union heads some time before the Missouri Pacific conference will be March 18. Other roads are expected to confer at about the same time. The Missouri Pacific has 16,000 employees who would be affected by the proposed reduction, and the Katy 8000.

## PENNSYLVANIA ROAD DIRECTORS ORDER WAGE CUT

Resolution Adopted Directing Executives to Promptly Reduce Salaries of Officers and Employees.

## RAILWAY UNIONS APPEAL TO PUBLIC

Ask for Support to Prevent a Possible Recurrence of Disastrous Strikes and Lockouts.

PHILADELPHIA, March 9.—The directors of the Pennsylvania Railroad today adopted a resolution directing the executive officers "to give, as promptly as possible, proper notice that it is the intention of the company to reduce the salaries and wages of officers and employees to accord with economic conditions."

The resolution did not specify any amount in the proposed reductions. While no specific officers were mentioned, it was understood at the offices of the company, it would affect every one from the president of the company down.

"In readjusting salaries and wages," the resolution says, "the management shall have due regard among other relevant circumstances, to: The scale of wages paid for similar kinds of work in other industries; the relation between wages and the cost of living; the hazards of unemployment; the degree of responsibility; the training and skill required; the character and regularity of employment; inequalities of increase in wages or for treatment, the result of previous wage orders or adjustments."

The resolution in the preamble states the company has already made a reduction of more than 70,000 men, "seriously curtailing maintenance of railway and equipment, consolidated divisions and organizations and stopped all expenditures on New York," adding that still "it takes almost the whole current earnings merely to pay current operating expenses."

"In February," it continues, "70 per cent of all Pennsylvania system operating earnings were absorbed by charges for labor against a normal charge for labor of less than 50 per cent of earnings."

"Foundation for the restoration of normal business cannot be laid until there has been a proper recognition of the real situation and a readjustment of wages to meet the altered conditions. The more promptly an adjustment to the inexorable facts is made, the more promptly can those who are now idle be re-employed and a basis established for renewed prosperity."

In making a readjustment of salaries and wages, it is but fair and proper that the burden should be borne by all officers as well as employees.

## PRESIDENT URGES RATIFICATION OF COLOMBIA TREATY

Senate Goes Into Executive Session to Consider First Message From the White House.

WASHINGTON, March 9.—Ratification of the long pending treaty with Colombia is urged by President Harding in his first formal message sent today to the Senate.

Immediately upon receiving the message the Senate went into executive session, the usual procedure in taking up treaties.

The text of the message was not made public at the White House, officials there holding that it was executive business which could not be properly given out unless the Senate so decided. The Senate closed its doors without making the message public.

To Ask for Quick Action.

After a half hour's discussion as to whether the treaty should be considered during the present session or postponed until the April session, the Senate adjourned until tomorrow with an announcement by Senator Lodge of Massachusetts, Republican leader, that he would then move to proceed with it immediately.

Senator Lodge said that the President's message, which was short, would not be made public at present. The President was said to have expressed in the message a desire for as early ratification as possible in the interest of promoting harmony between the United States and Colombia. Senator Lodge was reported to have informed the Senate that it was President Harding's desire to have the treaty acted upon during the present session.

Senator Underwood of Alabama, the Democratic leader, urged, however, that consideration of the treaty be postponed until the April session. Senators Johnson, Republican of California; Borah, Republican of Idaho; Kellogg, Republican of Minnesota; and Kenyon, Republican of Iowa, all demanded that the proceedings be open. This matter also was left for decision tomorrow.

Provides \$25,000,000 Payment.

Senator Lodge and Secretary Fall of the Interior Department conferred with the President before the message went to the Senate. Fall was chairman of the Senate Foreign Relations Subcommittee which was appointed last year to draft an amendment to the Colombian treaty designed to protect American oil and mining interests from the operation of a presidential decree, since declared invalid by the Colombian courts, and which was regarded by some Senators as confiscatory.

The original draft of the treaty, under which the United States would pay to Colombia \$25,000,000, all the rights to the oil and mining interests in the Colombian Government in 1914, but since then has been changed by the State Department to meet objections of Senators who opposed especially the clause in the original draft by which the United States would have expressed regret over the partitioning of Panama.

## HUGHES STUDIES STATUS OF TROOPS ON THE RHINE

Other Questions Under Consideration Include Report on California Land Question.

By the Associated Press.  
WASHINGTON, March 9.—Questions affecting the administration of foreign policy are being carefully studied by Secretary Hughes of the State Department, who has announced that he will have a conference with the President tomorrow to discuss the status of the American troops on the Rhine among the questions to which Secretary Hughes is giving attention.

## POLICE WITHOUT CLEW 21 HOURS AFTER KILLING OF MAN IN HIS AUTO

Frank C. Herbst Discovered in Rear of Home, 625 King's Highway Park, by Another Sharing Garage.

## THREE PERSONS TELL OF SEEING MAN FLEE

Wife Says She Knows of No One Bearing Grudge Against Husband—Inquest to Be Held Tomorrow.

Frank C. Herbst, 36 years old, president of the Herbst Store Fixtures Co., 3309 South Broadway, was shot to death from behind when backing his automobile from a garage in the rear of his newly acquired home at 625 King's Highway Park, in Carondelet, at 7:15 o'clock last night, and at 4 p. m. today, nearly 21 hours after the shooting, the police had not even a tangible clue as to the motive for the murder.

The inquest, scheduled for today, was continued until tomorrow to give additional time for attempts to clear up the mystery.

When found Herbst's hands were on the steering wheel of the automobile and a foot was on the brake pedal. One bullet had entered his back under the right shoulder blade and another had struck his right arm.

Three persons told of seeing a man run from the alley after they had heard three shots. Alex. Slendritz of 4338 South Compton avenue, who shared the garage with Herbst, told policemen he was approaching the garage when he heard three shots and saw a man run from the garage. He described this man as wearing a tan raincoat and a black soft hat. We ran to the garage and found the body.

Tell of Seeing Man Run.

Mr. and Mrs. Harry J. Steffen of 724 Dover street also said they heard the shots and saw a man run from the alley.

Herbst was found to be wearing a woman's corset and long black stockings. Mrs. Herbst today said Herbst had been having a quarrel with a boy and suffered injuries to his back which had made it necessary for him to wear a corset for years, and he wore long stockings to which to attach the supports to hold the corset down.

Mrs. Herbst and two of their daughters, Alice, 8, and Elizabeth, 4, were away from home when the shooting occurred. The other daughter, Viola, 12, was at home, but did not hear the shots.

Mrs. Herbst said her father went out shortly after 7 p. m., saying he was going to a real estate office at Jefferson and Gravois avenues, and must have been backing his wagon, a Paige touring car, from the garage when he was shot.

Wife Knows of No Grudge.

Mrs. Herbst said she knew of no one who could have had a grudge against her husband. She said if he arrived home about 4:30 p. m. and had supper with the family and then went to bed, he would have been in bed when the shooting occurred. The other daughter, Viola, 12, was at home, but did not hear the shots.

There was no powder burns on his clothing or flesh. This indicated to the police that he was not shot at close range.

Bought Home Week Ago.

Herbst bought his present home a week ago from Arthur F. La Pierre, president of the Lyre-ola Manufacturing Co., 1504 Pine street. He moved into it five days ago. He also purchased La Pierre's automobile.

The police at first had a theory that Herbst may have been mistaken for La Pierre, because of his recent purchase of the home and automobile and this belief was strengthened when they were informed that two brothers recently had business differences with La Pierre. They requested the brothers to be held for further investigation.

Brothers Deny Knowledge.

## GERMANS TO SEEK BASIS FOR FURTHER NEGOTIATIONS

Experts Draw Up Plans to Be Submitted to Allies if They Indicate Desire to Receive Them.

### CHANCELLOR ASSAILS MILITARY ADVANCE

Declares in Reichstag Any Attempt to Fasten Blame for War Solely on Germany Will Fail.

By the Associated Press. BERLIN, March 9.—Protests voiced before the Supreme Allied Council in London by Dr. Walter Simons, Foreign Minister, and head of the German delegation at the reparations conference, were emphatically indorsed by Chancellor Fehrenbach, who spoke before the Reichstag yesterday. After announcing that negotiations at London had been broken off and that the German delegation was returning to Berlin, the Chancellor said: "This violation of the law and justice cannot be defended on any juridical grounds. It assumes doubly pernicious aspects when directed against a people from whom the last defense has been taken. The events of the past have convinced the Government the methods pursued by the allies cannot possibly accomplish the rehabilitation of Europe or bring about a liquidation of the war."

"Judgment is Established." In the course of the London negotiations, Foreign Minister Simons appealed to history, said the Chancellor in discussing the question of responsibility for the war. "I feel permitted to declare the judgment of history is already established, and that the nature of the verdict is such that any attempt to fasten responsibility solely upon Germany must fail because it is false."

The Chancellor said that force must be replaced by honest intent for world brotherhood and good will. He declared Germany had never declined to take upon herself the consequences inseparable from defeat.

"We must show now the height of our fortitude, the extent of our patience and endurance," he added. "I have every confidence in the German people to do that."

It is semi-officially announced that the German Ambassadors at London, Paris and Brussels have been summoned to Berlin.

The experts who co-operated in the preparation of the German counter proposals met yesterday. According to the Berlin Zeitung, they will try to find a basis for fresh negotiations, if the allies indicate a desire for a resumption.

Comment in the Press. The Berlin newspapers are virtually unanimous in describing the enforcement of the penalties as a violation of the Versailles treaty. They advise the populace to meet coming events with composure.

The Deutsche Allgemeine Zeitung, organ of Hugo Sperrers, the capitalist, says: "Germany's proposals were rejected with cold scorn before the allies took the trouble to examine them in detail. The French now have the opportunity, under pretext of enforcing the penalties, of taking possession of Germany's coal, settling themselves in the Ruhr region and taking the first steps in their plans of destruction. But they soon will learn that those measures are of little use to them as to the rest of civilization. Germany can confidently await the tide of events, relying on the righteousness of her cause."

### NO NEGRO TROOPS IN ALLIED FORCE OCCUPYING GERMAN CITIES.

By the Associated Press. PARIS, March 9.—Fewer than 25,000 soldiers were used in carrying out the occupation of additional German territory, it is stated at the Foreign Office. No colonial forces and no negro troops whatever were included in this number. The troops had been ordered to observe strict discipline, treat the population courteously and avoid any cause for trouble.

He had been invited there to address the women's precinct organization of the ward.

The Lyre-ola company. The other brother said he recently sold a truck to the company and called on La Pierre yesterday to collect a \$200 balance due on the truck. He did not get the money, he said, but he and La Pierre did not quarrel. Both brothers said they knew La Pierre to Collinsville and would have had no reason to look for him at his former home.

La Pierre was taken to Police Headquarters this morning to be questioned. He said he did not believe the brothers under arrest had any connection with the shooting. One of the brothers, he said, called on him yesterday, but their conversation was friendly.

The police this afternoon announced their questioning of La Pierre and the two brothers had convinced them they knew nothing of the shooting and that they would not be held longer in connection with it.

### HOSPITAL REPORT CRITICIZES CITY ADMINISTRATION

Continued From Page One.

now being used by the Government until the lease expires, though reported to the Government by the Mayor. The comment on this condition in the report is: "The committee feels that more care should have been exercised in drawing up the lease, so that it would not have been possible for the Federal Government to hold this building for years after the war was over."

Expenditures Criticized. The committee, upon examination of the original plans for the hospital found that provision had been made for an admitting building for 100 patients and a nurses' dormitory. Seeking to learn why these quarters had not been constructed, it analyzed the hospital construction account of the city for 10 years. It found that in that period taxes had produced \$1,069,343, of which \$1,014,599.99 had been expended, including \$218,000 for the two buildings now constituting the isolation group. The committee criticizes two other expenditures as having taken funds that might have been spent for completing the isolation group. These are \$330,000 for a clinic building at the city hospital and \$125,000 for a negro hospital.

Concerning the city hospital clinic building the committee finds the following facts:

"On Aug. 14, 1916, an ordinance was passed appropriating \$125,000 from the hospital building fund for the purpose of erecting this building according to the 'general plans.' Mr. Kinney stated that at that time detailed plans were not ready, but it seemed obvious to the committee, and this fact was not denied, that very definite plans must have been drawn and in mind and carefully estimated before the ordinance was introduced to appropriate money for the erection of this building. Mr. Kinney stated that the delay was due to his inability to obtain proper data from the doctors. A letter from Dr. Shutt's files, dated Aug. 22, 1916, to the Director of Public Welfare, states that all information that had ever been requested had been supplied to the Board of Public Service. No further reference to the clinic building could be found until the report of the engineer in charge of construction, Mr. Bowen, who took up his duties in February, 1917, and in his report for the year, submitted in

April, 1917, there is a statement to the effect that practically nothing had been done upon the plans for the clinic building. He stated to us that he had spring again took up the plans. The next definite reference is Aug. 9, 1917, at which time an ordinance was passed repealing the ordinance of a year before appropriating \$150,000 for the erection of the clinic building. As far as can be made out the changes were chiefly necessary to obtain a larger building. On Nov. 2, 1917, three months later, bids were obtained—the total bid was over \$248,000. As this seemed excessive the Board of Public Service rejected all bids. The matter was again taken up, plans simplified, new bids were obtained for the simplified construction, which furnished a building far inferior to that originally planned. An additional appropriation was made and work was started September, 1919; the work to be finished August, 1920. This building is not yet completed. The cost of the present building is approximately \$330,000.

"As far as the committee could ascertain there seems to have been a general dilatory action in regard to this building which has cost the city thousands of dollars."

Alleged Waste of Funds. The committee declares that the establishment of city hospital No. 2 for negroes was "not only a waste of the hospital fund, but has put an additional unnecessary yearly burden on the city." Continuing, it declares:

"There is absolutely no need from a medical or administrative standpoint for a separate city hospital for negroes. It has meant a duplication of administrative and operative staffs, equipment, etc., at a tremendous initial and annual expense without in any way benefiting the patients. As a matter of fact, facilities for the care of patients are not and never can be as good as at the city hospital. If it had been necessary to obtain more wards for negroes, this should have been done by adding to the present city hospital and not by duplicating administrative and operative expenses."

"The committee feels that the excuse of 'poverty' as the cause of the failure to complete the isolation hospital is due in large measure to a waste of the 'hospital fund' brought about by the unnecessary delay in the erection of the clinic building and by the purchase and development of city hospital No. 2."

Suggestions in Report. The report concludes with the following suggestions:

1. Immediate relief to be obtained by finding other suitable quarters for the nurses, so that the entire isolation building can be utilized for patients.

2. The erection of small units of temporary huts, such as used by the army, or small portable houses. It is possible that these can be obtained second hand. They can be erected during the summer and used for winter quarters for convalescent patients, carriers, etc., during the months of peak load.

3. The preparation of plans for the erection of the central building and a nurses' dormitory. These plans to be gone carefully over and brought up to date and to be ready for bids by the first of the year so that they can be built during 1922 and be ready for use in the fall of that year.

4. No more expenditures from the hospital fund to be made until the isolation group is completed by these two buildings so that it can be operated efficiently.

Dr. Veeder, chairman of the committee, was in command of Hospital Unit No. 2 (Washington University unit), at the close of the war with rank of Lieutenant-Colonel.

## BASEBALL PLAYER FATALLY INJURED BY STREET CAR

Raymond Neusel Struck in Front of 3801 Olive Street When Running in Effort to Avoid Fight.

### DIFFICULTY OVER PASSING BEFORE AUTO

Two Men Said to Have Followed Neusel and Companion After They Stepped in Front of Machine.

Raymond Neusel, 25 years old, 3519 Bailey avenue, a professional baseball player, who for a time last year was with the New Orleans team of the Southern League, was fatally injured last night at 11 o'clock in front of 3801 Olive street, by an Olive-Delmar car. He died at 3:40 a. m. today at the city hospital of a fractured skull. Neusel was running across the street to avoid what he believed was an imminent fight.

James "Dike" Brannigan, 22, of 3711 Lucky street, a soccer football player with the Scullin team, told the police that he and Neusel had departed from a billiard room at Grand avenue and Olive street to go to their homes in the waterworks area. As they started away from the Grand avenue curb, where the automobile had been parked, they blocked the progress of another automobile occupied by two men who were coming along Grand avenue.

One of the men in the automobile shouted something about "taking up the whole road." Brannigan said that he and Neusel simply laughed and continued on their way, turning west on Olive street. After passing Spring avenue, he said, the machine carrying the two men drew alongside and forced him to the curb. One of the men told them to get out into the street. Brannigan said that he and Neusel alighted and started toward Vandeventer avenue on foot. The machine with the two men passed them and turned into Vandeventer.

Brannigan said that he and Neusel thereupon returned to his machine and that he was preparing to start it when Neusel observed coming west on Olive street a machine circled the block. Neusel, Brannigan said, jumped from the automobile and started to run from the north to the south side of Olive street. The motorman of a west-bound Olive-Delmar car said that Neusel was running with his head down and ran directly into the front end of his car.

The other automobile sped away west on Olive street. Brannigan was held as a witness for the coroner. Neusel was taken to the city hospital and is being cared for by a Beloit (Wis.) baseball team this season.

### TRAFFIC OVER WABASH BRIDGE AT ST. CHARLES SUSPENDED

Break Found in One of Steel Supports—Trains Being Routed Over Burlington Line.

All traffic over the Wabash Railroad bridge over the Missouri River at St. Charles was suspended yesterday afternoon, following the discovery of a break in one of the steel supports. The bridge was closed to the public and the railroad company is endeavoring to make repairs.

The bridge is a steel truss bridge, having been built in 1871. All St. Louis-Kansas City trains of the Wabash are being routed over the Burlington line between St. Louis and Mexico, Mo. Local passengers are carried over the Wabash between Mexico and St. Charles, but between St. Charles and St. Louis they are carried by the Missouri, Kansas & Texas Railroad. The steel work of the bridge is being renewed and it probably will require several days before traffic over it is resumed.

## THOUSANDS FROM PETROGRAD TRYING TO ENTER FINLAND

Refugees Clamor for Admission Following Serious Uprising in City Against Bolsheviks.

### BY THE ASSOCIATED PRESS.

COPENHAGEN, March 9.—News of the Russian situation today was conflicting with the latest Helsingfors dispatches reporting that the soviet government forces had recaptured the fortress of Krasnoya Gorka and Systerbak this morning, and were training the big guns of these fortresses upon Kronstadt, where fires were observed.

An infantry assault by the soviet troops upon Kronstadt is reported to have been repulsed with enormous losses to the attacking forces. These reports were preceded by claims made in Helsingfors dispatches that Petrograd was in the hands of the revolutionaries. According to a Reval special, however, the soviet troops recaptured the southeastern suburbs of Petrograd. Thousands of fugitives from Petrograd are clamoring for entry into Finland, the Finnish advices state.

### SOVIET WORKERS REGARD KRONSTADT MUTINY AS AN ENTIRE INTRIGUE.

LONDON, March 9.—Workers in Soviet Russia are indignant over the revolutionary uprising at Kronstadt, and are begging to be allowed to fight against the forces engaged with soviet troops there, says a wireless dispatch from Moscow. It is said in the dispatch that "friction is beginning to be noticeable among the mutineers."

The tenth congress of the Russian Communist party opened at Moscow yesterday under difficult circumstances, the dispatch says. "The republic is surrounded by an endless number of enemies," it continues, "the short breathing space given Russia has been interrupted by new Entente intrigue. The tasks confronting the republic must be carried through at a time when she is struggling against counter revolutionaries."

"Right now the roads are importing thousands of Mexicans by illegal means to compete with American-born laborers."

Concerning the request of the roads for the right of individual dealing with their employees, Smock said many roads had been offered this plan and had refused it. He cited many instances where he said the men had sought conferences and been refused.

## FLYERS WHO HUNTED DUCKS IN AIRPLANE TO BE PROSECUTED

Film Showing Machine Crashing Into Flock of Birds Results in Complaint.

By the Associated Press. SACRAMENTO, Cal., March 9.—A motion picture depicting an airplane crashing into a flock of wild ducks, taken near Colusa last October, resulted yesterday in the filing of criminal proceedings here against Louis Hutt, photographer; Lieut. Harry Halvorsen of San Francisco; J. M. Fetter, commercial aviator; and Richard Denny.

The complaint was filed by Chas. H. Hauser, chief of the Government enforcement division of the migratory bird act, and charges the violation of the migratory bird act. It is alleged that the men hunted ducks with airplanes on Oct. 16 last, and that pictures were shown of an airplane dashing into immense flocks of ducks, killing and wounding hundreds with the propeller and wings of the machine. Hutt is said to have written a series of articles on the thrills of hunting wild ducks by airplane.

He replied that it could not, that all authorities were of the opinion that no good could be accomplished toward a cure of the drug habit without confinement because drugs weakened the will power of victims.

### LABOR UNIONS PLAN TO START BANK IN 60 DAYS

Executive Committees of Three Organizations Decide to Proceed Favorably on Proposition.

The three executive committees of the Building Trades Council, Central Trades and Labor Union and Metal Trades Council, at a meeting yesterday at 3631 Salena street, decided to make favorable reports at the next meetings of their respective organizations on the project to establish a labor union bank in St. Louis.

It was stated today that the institution would probably be established within 60 days if the various organizations approve the plan, which provides for a trust company with an installment loan department.

It is contemplated to have \$500,000 of capital stock and \$125,000 surplus, with stock at \$125 a share, which may be purchased on the installment plan. A majority of stock will be in the hands of trade unionists so as to give the union a majority in the directorate.

One man from each of the three executive committees of the labor organizations will be appointed to comprise a committee of three to direct the sale of stock and have charge of the establishment of the institution.

## NEUROLOGIST TESTIFIES IN DR. MANNING'S TRIAL

Dr. M. A. Bliss Says Drug Habit Cannot Be Cured Without Confinement.

By the Associated Press. BINGHAMTON, N. Y., March 9.—Dr. M. A. Bliss, a neurologist, was chief witness today in the trial of Dr. Thomas S. Manning of 2867 Delmar boulevard on a charge of aiding and abetting Charles V. Eckert, a druggist at Page boulevard and Vandeventer avenue, in violations of the Federal anti-drug act. Dr. Manning has an appeal pending from a sentence of two years in the "penitentiary" for violation of the act.

Dr. Bliss was shown a number of prescriptions identified by addicts as having been issued to them by Dr. Manning, and was asked if considering the dates of the prescriptions and the amount of drug prescribed and considering also that the persons were not being confined, whether a cure of the narcotic habit could be effected by the prescriptions.

He replied that it could not, that all authorities were of the opinion that no good could be accomplished toward a cure of the drug habit without confinement because drugs weakened the will power of victims.

Questions of Dr. Manning's counsel have indicated that the defense in his behalf will be that he was treating addicts toward a cure in his issuance of prescriptions.

However, Ruth Stevens, an addict, has indicated that a batch of prescriptions, said that she had obtained prescriptions from Dr. Manning calling for 20 grains of morphine and 20 grains of cocaine on every day during July, 1920, but one. She testified further that the amount specified in Dr. Manning's prescription of July 23 was the same as in a prescription she had obtained the previous January.

The Government yesterday introduced 15,000 prescriptions alleged to have been written by Dr. Manning for drug addicts in six months. Testimony was that he got \$2 each for the writing.

### PRINTERS' STRIKE HOLDS UP PAPERS.

By the Associated Press. BINGHAMTON, N. Y., March 9.—For the first time in its history as a city, Binghamton is without newspapers today as the result of a printers' strike. The printers seek an increase from \$18 and \$41 to \$45 and \$50 a week, with a seven-hour day.

Dr. Babst presented figures to show that the "hysteria" of buying brought into America last year 1,735,222 pounds of sugar more than in 1919. The total cost to the American people of all sugar consumed in 1920 he estimated at \$1,500,000,000 at wholesale quotations.

## SUGAR COMPANY SHOWS \$50,000,000 INCREASE

American Refineries' Business Volume in 1920 Larger Despite Smaller Tonnage.

By the Associated Press. NEW YORK, March 9.—The volume of business done by the American Sugar Refining Co. in 1920 shows an increase of \$50,000,000 over the previous year, according to the annual report made public today.

The total of \$350,000,000, President Earl Babst explained, represents the smallest tonnage handled in the history of the company, high prices alone accounting for the increase of gross receipts.

Operating profit of \$1,200,000 was \$5,000,000 less than in 1919 and about 1 cent on each dollar of sales, or a profit of less than 1 mill per pound.

### No Sugar Shortage.

Referring to the increased sugar supply, President Babst says: "The amount in the national sugar bowl in 1920 represented 111 pounds for each person in the United States. The increased supply in 1920 over 1919 was sufficient to last the United States from Labor day until about Thanksgiving."

Responsibility for the famine and plenty during 1920 and the resulting fluctuations of almost 20 cents a pound in prices within six months, was laid upon "attempted Government de-control" in a speech made by Babst, to the stockholders' meeting at which he presented his annual report.

"This was an outgrowth, he said, of the passage of the McNary bill, prolonging the life of the Sugar Equalization Board, and the Lever act, which continued the Government responsibility for supply, price and distribution of sugar throughout the year 1920."

"As a result of attempted de-control, we have had famine and plenty, prices ranging from 4 cents to 24 cents a pound, list price for refined sugar, with financial wreckage from producers to processors, not only in the United States, but in Cuba, Canada and many other foreign countries."

Mr. Babst presented figures to show that the "hysteria" of buying brought into America last year 1,735,222 pounds of sugar more than in 1919. The total cost to the American people of all sugar consumed in 1920 he estimated at \$1,500,000,000 at wholesale quotations.

## KIEL-KOELN FIGHT ISSUE IN RACE FOR ALDERMAN

Carried Into at Least Seven  
of the Fourteen Contests  
for the Republican Nominations.

ELECTION APRIL 5 IN  
ODD-NUMBERED WARDS

Voters in All Wards, Both in  
Primary and at Election,  
Will Vote on Entire Aldermanic Ticket.

The fight between the Kiel and Koeln forces, in Friday's primary, is being carried into at least seven of the 14 contests for Republican nominations for the Board of Aldermen.

Aldermen are to be elected, April 5, in the 14 odd-numbered wards. Voters in all wards will vote on the entire aldermanic ticket, both in the primary and in the election.

For the First Ward, Alderman Kiel is considered so well in the lead that factional lines have not been drawn. The name is considered true as to Alderman Wiehe of the Fifth, Alderman Weil of the Seventh and Alderman Edell of the Twenty-third. The same might be said of Alderman Watts of the Seventh, except that the city-wide concentration of the negro vote on Aaron W. Lloyd, one of his two opponents, is a factor in the situation. Alderman Edell, however, has not been drawn very closely, though E. B. Gregory has the endorsement of the Republican Citizens Club. For the Twenty-fifth, among five aspirants, Harry Felberbaum and S. A. Nangle appear to be leading, and their support is not wholly along the line of the Kiel-Koeln division.

For the Third Ward, Alderman W. F. Niederluecke is considered as the Kiel candidate, and Theodore Umminger as representing the Koeln element.

For the Ninth, Alderman Lohmann is rated as the Kiel entry and State Senator Depuehner as representing Koeln.

For the Eleventh, Alderman Pett is considered as favoring Kiel, and John A. Schmitt as having the Koeln backing. There are two other candidates.

For the Thirteenth, in a field of nine candidates, Charles F. Meier is considered as having the greater part of the Kiel support. Joseph R. Heckel is backed by Committee Chairman Meyer, representing the Koeln faction, while Alderman Wyckoff is supported by John Schmitt, former city chairman, who is for Burkham for Mayor, but is otherwise antagonistic to Koeln as well as Kiel.

Alderman Schuchman of the Fifteenth is expected to have the Kiel backing, and H. W. Uhlmeier will have the Koeln support.

William J. Studt is being backed for the Twenty-sixth nomination by Committee Chairman Bader of the ward, who is in the Kiel camp. Arthur W. Keller has the Koeln support. There are nine candidates in the ward.

The situation as to the nomination for the Twenty-seventh Ward has been in some confusion, which has not yet been wholly cleared up. It now appears that S. L. Wimer will have much of the Kiel backing, and that Alderman Schantz and John H. Fred Jr. will contend for the opposition vote. There are two other candidates for the Twenty-seventh.

## HOUSE VOTES TO STRIKE "MALE" OUT OF STATE CONSTITUTION

Special to the Post-Dispatch.  
JEFFERSON CITY, March 9.—The joint and concurrent resolution to strike the word "male" from the State Constitution was passed by the House today, 118 to 1. It already had passed the Senate, and Gov. Hyde has indicated his intention of submitting the resolution to a vote of the people at a special election Aug. 2, at which it will be decided whether a constitutional convention will be held.

While this resolution, if enacted into the Constitution, would remove all bars against women holding office in the State, women for the present are more interested in the fact that such action would enable them to sit as delegates in the constitutional convention, if one is held.

No fight against the resolution developed on the floor of either house, but Miss Marie Ames, legislative agent for the Missouri Women's Legislative Committee, which sponsored the resolution, had numerous barriers behind the scenes to overcome.

**EWING LAPORTE RENOMINATED**  
By the Associated Press.  
WASHINGTON, March 9.—Three Assistant Secretaries of the Treasury, S. Parker Gilbert Jr. of Bloomfield, N. J.; Ewing Laporte of St. Louis and Nicholas Kelley of New York, were renominated today by President Harding.

It is understood the selections are temporary in order to give the three officials a definite status until the department can be reorganized by the new administration. Gilbert is assistant secretary in charge of fiscal affairs; Laporte has charge of internal revenue, war risk insurance and customs, and Kelley is in charge of foreign loans.

## President's Physician, Nominated as Brigadier-General, and His Wife

DR. and MRS. C. E. SAWYER.

## PRESIDENT NAMES PHYSICIAN TO BE BRIGADIER-GENERAL

Continued From Page One.

A private sanitarium at Marion and has been a personal friend of the Hardings for many years. It was generally expected that some arrangement would be worked out to enable him to continue as the physician of President Harding, but the news that he was to be made a general officer of the army came as a distinct surprise.

**Grayson Controversy Recalled.**  
The prospective elevation of Dr. Sawyer recalls the controversy over President Wilson's action in promoting his physician, Dr. Cary T. Grayson, to the rank of Rear Admiral. Only in the criticism aroused, however, are the two cases parallel, as Dr. Grayson was a naval officer, with the rank of Lieutenant Commander, at the time of his promotion.

When President Wilson took office he found Grayson at the White House, where he had served President Taft as naval aid and medical adviser. He had been a customary for each incoming President to name a new medical adviser, but President Wilson reappointed Grayson.

It was through Dr. Grayson that President Wilson met Mrs. Wilson, formerly Mrs. Norman Galt, who was the guardian of Miss Alice Gertrude Gordon, who became Mrs. Grayson in 1916.

In January, 1917, the President nominated Grayson to be a medical inspector with the rank of Rear Admiral, thereby jumping him 117 grades in the list of the navy's medical corps.

The storm in the Senate, to which the name was sent for confirmation, broke at once, and a favorable action for the time being was prevented by Senators Poinsett, Lodge, Weeks, who is now Secretary of War, and others. When the next, a special session of Congress met, the President reappointed Dr. Grayson and the nomination was sent to the Senate March 8, 1917.

The determined fight against the promotion continued, breaking down only when it was realized by Poinsett and the others that nothing but a prolonged filibuster could defeat the nomination.

**Criticism by Senators.**  
Poinsett charged that in elevating Grayson the President had abandoned the merit system. Lodge declared that the promotion of "an officer of no special distinction" over the heads of so many seniors was a serious matter, discouraging the navy's medical corps.

"It spoils the spirit of the men when such a thing is done," said Lodge. "I have no hostility to the President in question, but it is only to the service to have such favoritism shown."

The official order of the Navy League of the United States, which has just come back into its place in the sun from which Secretary Daniels ousted it, was especially caustic in its criticism, calling the promotion "scandalous" and "a vile thing."

Secretary Daniels supported the President in his nomination of Grayson. He said the place that Grayson would hold was a new one and that he was not promoted over the heads of other officers of the medical branch of the navy. It had been the custom, he said, for the President to select new men for positions; two new admirals were provided by Congress, and the President selected Grayson for one of them.

Dr. Grayson was finally confirmed March 15, about two months after his name was sent in, by a vote of 27 to 24, becoming the youngest naval officer with the rank of Rear Admiral that the navy had had since the Civil War. He was born in Virginia in 1878 and was appointed to the navy in 1903.

Dr. Grayson was in constant attendance on Mr. Wilson during his illness. His vigilance is credited by Mr. Wilson's friends with having had much to do with the latter's partial recovery from the nervous breakdown that ended his trip across the country in September, 1919. Dr. Grayson will continue to look after the health of Mr. Wilson.

**Wood and Pershing Promotions.**  
Other promotions that caused fights in the Senate were those of Leonard Wood and John J. Pershing to be Brigadier-Generals. Wood was promoted from a captain in the Medical Corps to a brigadier-general in the line by President McKinley in 1901. He was Military Governor of Cuba at the time and held the rank of Major-General of volunteers. In 1902 Roosevelt made him a Major-General.

Pershing, on account of excellent work in the Philippines, was promoted to major general when Roosevelt lifted 622 numbers when Roosevelt lifted

## DIVORCE SUIT OF W. E. D. STOKES ON TRIAL

Nurse Testifies She Saw Wife  
Kiss Harold Billig, Her Cousin,  
Named as Corespondent.

By Leased Wire From the New York  
Bureau of the Post-Dispatch.

NEW YORK, March 9.—After extended preliminary litigation, the trial proper of the suit for divorce brought by W. E. D. Stokes, 70 years old, sportsman and capitalist, was begun before Supreme Court Justice Finch yesterday.

Mrs. Stokes, who sat near her husband, is 30 years his junior. She wore a brown velvet hat that fitted snugly over her shapely head, and her open fur coat revealed a fluffy white waist. In court also was Harold Billig, Mrs. Stokes' cousin, and one of the numerous co-respondents mentioned by the millionaire. Next to him sat Mrs. Stokes' mother, W. E. D. Stokes Jr., son of the plaintiff by a previous marriage, and mentioned by him in the suit, was not present. Counsel announced his name had been withdrawn.

**Testimony by Nurse.**  
Most of yesterday's testimony was given by Juliet Gassner, a nurse employed by Stokes, and concerned Billig and Mrs. Stokes. For a few minutes Mrs. Stokes testified to identify pictures of herself, Billig and Mrs. Meyer. One of the pictures showed Mrs. Stokes wearing overalls and perched on Meyer's neck. This picture was taken before her marriage.

The nurse testified it was because of Billig that the couple quarreled and separated. Billig, she said, kissed Mrs. Stokes, who affectionately called him "Carrots."

The nurse pictured Stokes as invariably kind to the two children, James and Muriel, and Mrs. Stokes as "impatient" with them. She told of a trip she had made with her mistress, the children and several friends to the home of Mrs. Stokes' mother. There, she said, she had seen Billig "put his arm around Mrs. Stokes and kiss her."

"I saw him walk into Mrs. Stokes' bedroom while she was undressed without knocking at the door," she resumed.

"What did Mrs. Stokes wear?" she was asked.

"Oh, combinations, silk, whatever it was, corsets, slippers."

The Stokes drama reached its climax on New Year's eve of 1917, the nurse said. The setting was the millionaire's home at 317 West Seventy-eighth street.

**New Year's Eve Quarrel.**  
Stokes, she said, was ill with influenza at the time. Mrs. Stokes occupied the third floor, rear, while Billig was in the guest room in front. Stokes objected to Billig's presence, the nurse said, but Mrs. Stokes insisted that he was her cousin and should be regarded as such. Finally the nurse and Billig went to the theater. During their absence, the nurse said, Stokes nailed up the door of the passageway that led from his wife's room to that of her cousin.

When they returned, she said, Stokes asked his wife why they were so late. She replied they had stopped at a friend's house. After a quarrel, Stokes insisted that Billig go to the Hotel Ansonia. Billig left the house that night.

The nurse said the wife frequently received letters from Billig, and in her room at the Ansonia had five or six pictures of him. One of them, she said, was inscribed: "To my only sweetheart."

Cross-examination by Martin W. Littleton brought out that Mrs. Stokes' sister, Marcella, and the two children were with her in the room of the Denver home when Billig entered.

The defense will contend that all the co-respondents were merely good friends of Mrs. Stokes, none of whom knew long before her marriage.

him from Captain to Brigadier-General in September, 1906. There was a bitter contest over the confirmation of Wood's promotion. The fact that Pershing was the son-in-law of Senator Warren, chairman of the Committee on Military Affairs, being used against him in the debate.

Charges were made that Roosevelt had made the appointment as a sop to the Senate leader.

JEFFERSON CITY, March 9.—Assessor Louis Wollbrinck, Deputy City Controller Felix Gunn, Auditor Harry A. Rosskopf, attorney for the Board of Estimates and Apportionment, appeared before the State Board of Equalization yesterday afternoon to oppose the acceptance by the board of the State Tax Commission's figures for a 100 per cent assessment of St. Louis property.

Wollbrinck's return to the Tax Commission showed St. Louis property assessed at approximately \$658,000,000, he said yesterday. The figures, he said, were based on a 38 per cent assessment, and in hardly any case 15 per cent below that rate.

The Tax Commission, however, increased the figure to \$914,000,000, which the St. Louisans said was an advance of 28 per cent, and far too much. They told the board members, all of whom attended the conference, that under no circumstances did they think the increase over Wollbrinck's figures should exceed 15 per cent, which would bring the assessment up to approximately \$755,000,000.

No intimation was given by the board as to what it will do with the St. Louis assessment. Its members have been going over the Tax Commission report, separately, and may have a session today to consider jointly with a view to giving the Legislature a verdict on the tentative estimate of what total will be fixed for the assessed valuation of the State. It will be necessary for the Legislature to make a final decision at the earliest possible moment, that it may complete consideration of measures now pending, fixing the tax rates to meet the changed conditions.

## MRS. CORA ORTHWEIN ORDERED Held ON MANSLAUGHTER CHARGE

By the Associated Press.

CHICAGO, March 9.—Declaring that she had been "drugged" by her husband, Mrs. Cora Orthwein was held today on a charge of manslaughter. The woman was arrested after a fight with her husband, who was shot and killed.

The nurse testified it was because of Billig that the couple quarreled and separated. Billig, she said, kissed Mrs. Stokes, who affectionately called him "Carrots."

The nurse pictured Stokes as invariably kind to the two children, James and Muriel, and Mrs. Stokes as "impatient" with them. She told of a trip she had made with her mistress, the children and several friends to the home of Mrs. Stokes' mother. There, she said, she had seen Billig "put his arm around Mrs. Stokes and kiss her."

"I saw him walk into Mrs. Stokes' bedroom while she was undressed without knocking at the door," she resumed.

"What did Mrs. Stokes wear?" she was asked.

"Oh, combinations, silk, whatever it was, corsets, slippers."

The Stokes drama reached its climax on New Year's eve of 1917, the nurse said. The setting was the millionaire's home at 317 West Seventy-eighth street.

**New Year's Eve Quarrel.**  
Stokes, she said, was ill with influenza at the time. Mrs. Stokes occupied the third floor, rear, while Billig was in the guest room in front. Stokes objected to Billig's presence, the nurse said, but Mrs. Stokes insisted that he was her cousin and should be regarded as such. Finally the nurse and Billig went to the theater. During their absence, the nurse said, Stokes nailed up the door of the passageway that led from his wife's room to that of her cousin.

When they returned, she said, Stokes asked his wife why they were so late. She replied they had stopped at a friend's house. After a quarrel, Stokes insisted that Billig go to the Hotel Ansonia. Billig left the house that night.

The nurse said the wife frequently received letters from Billig, and in her room at the Ansonia had five or six pictures of him. One of them, she said, was inscribed: "To my only sweetheart."

Cross-examination by Martin W. Littleton brought out that Mrs. Stokes' sister, Marcella, and the two children were with her in the room of the Denver home when Billig entered.

The defense will contend that all the co-respondents were merely good friends of Mrs. Stokes, none of whom knew long before her marriage.

## ELECTION BOARD REMOVES FOUR PRECINCT OFFICIALS

Charges Against Five  
Dropped and Cases of Five  
More Continued Pending  
Court Decision on Recount

EXTRA POLICEMEN  
FOR 129 PRECINCTS

Chairman of Commission  
Says That if Boxes Can Be  
Opened and Irregularity  
Is Found, Dismissals Will  
Follow.

By a Staff Correspondent of the  
Post-Dispatch.

Charges against 14 officials who served at the polls in the primary last August were heard by the Board of Election Commissioners yesterday and the cases of five of them were continued, with the statement that they will be investigated after the State Supreme Court decision regarding the opening of the primary ballot boxes. Five cases were dismissed without prejudice and four officials were removed for statutory reasons.

The board also approved a list of 129 precincts where an extra policeman will be stationed at the primary election, which will be held in the central and downtown portions of the city, including every precinct in four "river wards," Democratic strongholds, and most of the Seventeenth, which has negroes in the majority of its electorate.

Charges against a number of officials at the August primaries in the Seventeenth Ward were recently filed by the Citizens' Liberty League, a negro organization. Ten of these officials were heard yesterday. The negroes filed their charges because of their conviction that Frank Slater was wrongfully elected Republican City Commissioner in place of Ernest Patillo, the negro candidate. Patillo's name was on the ballot, while Slater's had to be written in.

**Five Officials Indicted.**  
In the Second Precinct, at 2255 Franklin avenue, Patillo was elected with one vote, while Slater received 118. Five of the six officials in this precinct were charged with tampering with the count on the basis of the returns. They are: John A. Metzger of 235 Franklin avenue, Republican judge; John W. August of 909 North Twenty-third street, Republican clerk; John B. Vagenaar of 822 North Jefferson street, Democratic judge; and Louis Wagoner of 224 North Jefferson street, Democratic clerk.

Chairman Edwards of the Election Board told the officials of this precinct that they would be continued until after the State Supreme Court has rendered a decision on the injunction suit which now prevents the opening of the ballot boxes of the August primaries. This suit stopped grand jury investigation of alleged frauds after 93 officials in nine wards had been indicted. Chairman Edwards said that should the prosecuting authorities be allowed to open the boxes and should they find an irregularity in the count in this instance, the officials would be removed.

The Citizens' Liberty League offered as witnesses on this charge four men, three of whom testified they did not vote last August. Thomas W. Schin, of 4236 College avenue, whether he voted for Patillo or Slater. Slater was present at the hearing, which was held in the Board of Public Service chambers, because of the crowd of witnesses and others.

"These accusations amount to nothing," Slater said. "They haven't got any testimony, even."

**State Employees Removed.**  
John D. Gross of 2737A Walnut street and Wendell Gross of 2737 Laton avenue, Republican officials in the Seventeenth Ward, were removed when it was shown they were employees of the State Legislature. Election officials cannot hold State jobs. Fred Nigenau of 419 Lincoln avenue, serving as a Republican judge in the twentieth precinct of the First Ward, was removed when the other Republican judge, George W. Schin, of 4236 College avenue, testified that Nigenau asked for a Socialist ballot for himself last August. Schin had drafted Nigenau to serve.

Peter Hoffman, a blacksmith at 1301 Russell avenue, who moved his residence to 4713 Minnesota avenue last summer, was removed from the Ninth Ward, located at his shop. The Minnesota avenue address is in the Twelfth Ward. Alderman Lohmann of the Ninth charged that Hoffman is a nonresident of the ward and Hoffman testified that he frequently sleeps in his shop.

**Five Cases Dismissed.**  
The Citizens' Liberty League charged three officials of the Fifth Precinct, Seventeenth Ward, 2614 Market street, with failure to count the ballots in the prescribed manner, allowing a man who was not an official to assist, and leaving the polling place while it was open. The charges were dismissed with a reprimand and warning. The officials are: Charles J. Gartner of 2634 Market street, Democratic judge; Starke F. Collins of 2610A Laton avenue, a negro, Democratic clerk; and Edward D. Blus of 234 South Beaumont street, Republican judge.

Patillo was credited with 43 votes

## League of Women Voters Urges Women to Vote in Primary Election Friday

THE St. Louis League of Women Voters today issued the following appeal to all registered women to go to the polls Friday and vote in the primary election:

"Registered women voters of St. Louis, remember that you are 128,000 strong; remember that this is your first opportunity to vote in the city primary, and that this offers your only chance to choose party candidates."

"Ask at the polls for the party ballot of your choice. Scratch the name of the candidate you do not want. Remember your strength counts only if you drop your ballot in the box."

In this precinct and Slater with 76. The officials admitted that August Slater Jr., a Republican watchman, son of a candidate for a vacancy in the Board of Aldermen from this ward, had helped count the Republican ballots, which had been separated from the Democratic, but that a Democratic official had assisted in this count and a Republican official in the Democratic count. There was some testimony that one or more of the officials had left the place at various times during the day.

Charges made by Alderman Lohmann against Joseph Halenbeck of 1813 South Elm street and E. T. Schoenberg of 2300 South Ninth street, Republican clerk and Democratic judge, respectively, in the Ninth Ward, were dismissed. Both were accused of electorizing in the polls.

**Extra Policemen Friday.**  
Following is a list of precincts where an extra policeman will be stationed Friday as a measure towards an honest election: First Ward, second precinct, 4802 North Broadway; Third Ward, first precinct, 2621 North Broadway; Fourth, Fifth, Sixth and Seventh wards, central downtown or "river" wards, all precincts; Twelfth Ward, first precinct, 415 East Maroon street, and eighteenth, nineteenth and twentieth wards, all precincts except the seventeenth, which are in the southwestern part of the ward, the remainder being centrally located. Precincts: Twelfth Ward, first precinct, 415 East Maroon street, and eighteenth, nineteenth and twentieth wards, all precincts except the seventeenth, which are in the southwestern part of the ward, the remainder being centrally located.

These precincts were selected in the light of past experience as those most likely to develop attempts at fraud. The Board of Police Commissioners has agreed to furnish 160 extra policemen for this purpose.

**Union Labor Representatives Indorse Mayor Kiel.**  
A letter indorsing the candidacy of Mayor Kiel for re-election is being circulated by a group of union labor officials. It states that Kiel has been fair to labor, not only in the office of Mayor, but also prior thereto as an employer. The letter bears the names of H. M. Nelson, president of the Street Carriers' Union; Miss Olive King, secretary-treasurer of the Waitresses' Union; Maurice J. Cassidy, secretary of the Building Trades Council; Thomas J. O'Connor, secretary of the Steam Fitters' Association; 562; Thomas Biederman, secretary Painters' Union; F. M. Harlan, president Stationary Firemen; Mrs. Sarah Sprague, Women's Trade Union League; Thomas E. Coyne, president Teamsters' Joint Council; and J. P. O'Connell, secretary Street Carriers' Union.

**Alleged Medical Trust.**  
"This body of men can say to the applicant: 'You may have the requisite knowledge to practice medicine, but as you did not get it through a channel which has our approval, you can't use your knowledge.'"

Blodgett condemned what he charged was an "arbitrary use of power by the State Board of Health," but opposed "letting down the bars to wildcat institutions, which would manufacture diplomas and turn out an army of physicians and surgeons to hutch up an unsuspecting public."

He said the present law "had established a medical college trust between the Washington and St. Louis Universities," but declared this "monopoly" had proved a real benefit to the people, and the only complaint was "that the law school was small."

Senator Irwin said the present law virtually kept the "boys from the farms out of medical colleges, because they were unable to meet the educational requirements for admission in the universities and to go poor to pay their way if they could enroll."

Senator McCullough also lamented the inability of the country boy to obtain a professional education, offering his own experiences as an example. He said poverty kept him out of the law school until he was 25 years of age, and declared that should be no obstacle placed in the way of a lawyer or doctor who "gathered ample information, when in the office of a practitioner or a university."

## 'ANTI-MEDICAL TRUST' MEASURE ENGROSSED

Bill by Senator Ralph Intended  
to Compel Recognition of  
School in St. Louis.

By a Staff Correspondent of the Post-Dispatch.

JEFFERSON CITY, March 9.—The Senate late yesterday engrossed a bill by Senator Ralph, which, Senator Blodgett declared, was intended to compel the State Board of Health to recognize the St. Louis College of Physicians and Surgeons.

The bill as engrossed gives a medical school, denied recognition by the State Board of Health, the right to go into the courts and have the facts reviewed, and if the Court approves the institution, the board is compelled to acknowledge it and issue licenses to its students.

Ralph, in urging the engrossment of his bill, said Dr. Waldo Briggs, the head of the College of Physicians and Surgeons, had been compelled "to battle alone against the medical trust to obtain for the graduates of this medical college an examination for a license by the State Board of Health."

**Blodgett Opposes Bill.**  
Blodgett, who led the fight on the measure, branded it as a scheme to legalize medical diploma factories, and offered an amendment stipulating that medical colleges which were to be accorded recognition from the State Board of Health "must have a course of study equal to the minimum requirements of the medical colleges in a majority of the states."

Ralph vigorously opposed this amendment, declaring it was "an adroit proposal to perpetuate the present medical trust in power." The amendment was killed.

Blodgett then offered an amendment which would require applicants for a license to practice medicine to "have completed four years of study in a college of medicine, two years of which must be devoted to hospital work." Ralph was bitter in his condemnation of this proposal, but it was adopted. As the College of Physicians and Surgeons does not maintain a hospital, Blodgett said, the bill, if it is enacted, will compel Dr. Briggs to establish a hospital or to remain unrecognized by the State board.

Ralph charged that a "medical combine, the purpose of which was to throttle independent schools of medicine," prevented graduates from these schools obtaining licenses. "Under the present law the State board rejects all graduates of colleges that

# Why March is the Most Dangerous Month.

March is the most dangerous month of the year, because the change of season is more than a good many systems can stand. Too often it is true that the sick "last only till spring." But if the system is fortified, if the impurities are driven from the blood, and the nerve tissues fed with wholesome and strengthening food medicine, there is no danger in the change of seasons. Father John's Medicine is invaluable as a tonic in the spring. It strengthens the system and drives out the poisonous waste matter—builds up the body. It is this power that has made it so successful in treating colds and throat troubles. No weakening stimulants, morphine or other dangerous drugs.

## \$4000 IN GOODS STOLEN FROM MARKET STREET STORE

Burglars Gain Entrance Through Second-Story Window Accessible From Adjoining Hotel.

Sam Barack, proprietor of a men's furnishing goods store at 1221-23 Market street, reported to the police today that between 9 o'clock last night and 9 a. m. today, burglars entered the store and carried off merchandise which he valued at \$4000.

Police investigation showed that a second-story window in the rear had been pried open with a bar such as is used in throwing street car switches. Egress to this roof could have been had from a hotel window next door, which was found open and which had been occupied by a man who registered last night and departed this morning. About 100 suitcases and bags were taken. Barack said, evidently in which to carry the rest of the loot, which consisted of overcoats, suits, shirts and scarfs.

**DRAFT DISTRICTS TO MAKE PUBLIC NAMES OF 'SLACKERS'**  
Special to the Post-Dispatch. WASHINGTON, March 9.—The names of persons who evaded the selective service law will be made public by draft districts as rapidly as the lists for the districts can be compiled. It was announced today at the War Department. Local draft boards are rapidly completing a final check to make sure that the names of no man shall appear as a draft evader who actually served in some branch of the military service of this country or the allies.

**FARMERS' BILL PASSES SENATE**  
JEFFERSON CITY, March 9.—After it had been denounced as an effort to form a nonpartisan league in Missouri, the bill compelling the admission of farmers' unions to membership in the livestock exchanges of St. Louis, Kansas City and St. Joseph, was passed by the Senate today. The bill has also passed the House.

## RETAIL MUSIC ROLL DEALERS' ASSOCIATION IS DISSOLVED

By the Associated Press. NEW YORK, March 9.—The Retail Music Roll Dealers' Association of Philadelphia was dissolved yesterday by Federal Judge John W. Peck, who signed the final decree in the Government's Sherman law suit against the concern and its officers.

The decree forbids them from engaging in any like combination or conspiracy the effect of which would be to restrain or monopolize interstate trade and commerce in music rolls. They are further enjoined from fixing or advancing prices or establishing or maintaining among themselves the terms, discounts, conditions or policies which should obtain with respect to the sale of music rolls.

One particularly attractive model is of fine-woven piquette, has an air of chic and grandeur. Scroll cord braiding, with occasional handworked motif, outlines the box coat and a graceful tunic which flares across the back and sides, but sews into the side front seams of the narrow skirt. The lining is finest quality toast colored pussywillow.

Other is a brief coated model that has an air of assurance. The coat buttons at the very hem, which by the way is just below the waist. Long, narrow-notched lapels extend to the shiny square button that is the only fastening. Rows of handwork outline the hem of the coat and form a background for beaded figures. The plain skirt sets off its frivolous comrade by severe lines.

## KEEP YOUR EYES OPEN OR YOU'LL HAVE THEM OPENED

### AD EXPERTS EXPOSE MAIL ORDER FAKERS

NEW YORK, N. Y.

Oh this is the day  
We give sugar away.  
If you buy our unknown tea.

Such might well be the refrain of the fake grocery mail order houses, says a bulletin from the Associated Advertising Clubs of the World which has recently made some investigation of the methods of such concerns. To make all the prices on their so-called "cut price" list look low, they will cut the price of sugar, or some well-known soap, or some other article of known value, then make it up by selling something else, such as a bulk tea of unknown value, at a price that will make the whole operation pay a profit.

It is well to bear two things in mind, says the bulletin. First, beware of the man who offers you a staple product like sugar at a price several cents below the price at the refinery. He will make it up in something else.

Second, no business man will give his goods away, nor lose money on a staple article which does not go out of style and which is good until used, like sugar. He is not a philanthropist. He will make up his loss.

Every few days you are offered 10 pounds of Sugar or some other staple commodity at less than cost IF at the same time you will buy SOMETHING ELSE. This SOMETHING ELSE is the joker. It is usually an imitation of some trade-marked brand which is nationally advertised.

PIGGLY WIGGLY does not sell private brands or imitations.

PIGGLY WIGGLY is original in name, equipment, and methods.

At PIGGLY WIGGLY you select with your own hands what you want, not what somebody hands you.

A PIGGLY WIGGLY store is different from any other store in the world. It looks different—the system is different—prices are lower—the assortment of food products is greater—the orderly arrangement makes it possible to have an absolutely clean store.

At PIGGLY WIGGLY white and black, rich and poor, young and old receive the same goods, the same prices and same weights and are accorded the same treatment as they pass in and out of this most democratic of all market places.

## ANNEXATION ISSUE IN MAPLEWOOD ELECTION

Candidate for Mayor First to File on Platform Favoring Being Taken in by St. Louis.

Residents of St. Louis County who favor annexation to St. Louis are planning to run candidates for office in the elections of April 5 on annexation platforms. The first of these to file is Maj. John D. Schuster, a lawyer, of 7426 Maple avenue, who has filed for the nomination for Mayor of Maplewood, for the primary to be held March 22.

A mass meeting of annexationists is to be held tomorrow night in Wellston to discuss the possibilities of nominating candidates for the School Board on an annexation ticket. Elections are to be held in several towns of the county April 5, and the question of nominating annexation tickets in several of them is being put forward by persons who regard that as an effective method of getting an expression of opinion at the polls on the subject.

Schuster, who was commissioned at the First Officers' Training School at Fort Riley, and served as Adjutant during the war, said that he believed that three-fourths of the people of Maplewood favored annexation, and would demonstrate it by voting for him. He declared that residents of Maplewood "now pay higher taxes than the people of St. Louis, and get less for it." He will be opposed for the nomination by George McGregor, and probably by Mayor Charles Stewart. Two will be nominated.

### Social Items

Miss Virginia Ann Niedringhaus has set April 9 as the date of her marriage to Walter Hermann Hoffman. The ceremony will take place at the Maple Avenue M. E. Church at 8 o'clock in the evening and will be performed by the Rev. E. C. Smith in the presence of a large assemblage of relatives and friends. A small reception for members of the two families and the bride party will be given immediately after the ceremony at the home of the bride's mother, Mrs. Charles F. Niedringhaus, 5709 Euclid avenue. Miss Nell Haus, 5709 Euclid avenue, Miss Nell Haus, 5709 Euclid avenue, and the Misses Nancy Surridge and Anita Hermann will be bridesmaids. Carl Hoffman, brother of the groom, will be the best man and Raymond Niedringhaus, brother of the bride, and Knight Loy will serve as groomsmen. Mr. Hoffman is the son of Mr. and Mrs. Louis A. Hoffman, 3123 Sidney street. He served in the navy during the war. The couple will reside in St. Louis.

Mr. and Mrs. David M. O'Neil of Berkeley, Cal., who formerly resided in St. Louis, arrived last Monday for a visit with relatives and friends here. They are the guests of Mrs. O'Neil's brother and sister-in-law, Mr. and Mrs. George Horton Blackman, 17 Southmoor.

Several parties are being planned for Miss Mildred Brooks, daughter of Dr. Frederick Brooks, 715 Limit avenue, whose marriage to T. Granville Rutledge will take place March 21. Next Sunday evening Miss Lora Otto, 5745 Clements avenue, will be hostess at an informal buffet supper in honor of Miss Brooks; the prospective bride will give a trousseau tea on Tuesday for the guests of her friends, Miss Margaret Jackes, 10 Thornby place, will be hostess at a tea complementing Miss Brooks on Wednesday, and on Thursday will be honored at a tea given by Miss Margaret Woods, 7059 Kingsbury boulevard. On Saturday, March 19, Edward Rutledge, brother of the groom, will entertain with a theater party.

Dr. and Mrs. Willard Bartlett of 23 Westmoreland place entertained today with a tea complementing Theodore Spiering of New York, the guest conductor of the Symphony Orchestra next Friday afternoon and Saturday evening.

Mrs. Edwin R. Culver of Hampton Park was hostess at an informal luncheon today complementing Mrs. Mary S. Holladay, 2329 Pershing avenue, who has just returned from several months' travel in the Orient, and Mrs. Halladay's daughter, Mrs. Lewis H. Landers, of Kansas City. Mrs. Landers will return to her home in Kansas City this evening.

Miss Edna Sauer who has been visiting Miss Janice Feldman of 86 Kingsbury place for several weeks, departed today for her home in Union Hill, N. J.

Mrs. E. Gardner Smith of 5529 Enright bridge party today in honor of her mother, Mrs. C. H. Blackburn of Cincinnati, who arrived Monday evening for a visit of 10 days.

Mrs. G. E. Scott, 5946 Kingsbury boulevard, will entertain with an informal bridge luncheon on Friday.

Miss Ella May Upthegrove, daughter of Mr. and Mrs. Daniel Upthegrove, 5949 Cabanne avenue, is spending several weeks visiting in Texas.

Mr. and Mrs. William K. Birby, 4965 Lindell boulevard, returned to St. Louis last Saturday from their Mediterranean trip.

The marriage of Miss Blanche M. Bloch, daughter of Mr. and Mrs. Jonas Bloch, 7222 South Broadway, and Henry Ittleson Cohn, son of Mr. and Mrs. M. M. Cohn, 5728 Enright avenue, will take place at 6:30 o'clock in the evening, March 15. Only relatives will be present at the ceremony, but a large reception for friends of the prospective bride and groom will be held from 9 to 11 o'clock at the Buckingham. No cards have been issued.

## LEGISLATURE MAY ADJOURN AT END OF SEVENTY DAYS

Special to the Post-Dispatch.  
JEFFERSON CITY, March 9.—Representative Morgan, Republican floor leader, said in the House today he believed business could be concluded in time for adjournment of the Legislature at the end of the 70-day period, which will be next Wednesday. He qualified his statement, however, by saying that it would be necessary for all members to "stay on the job."

Morgan's statement is believed to be rather optimistic as none of the big appropriation bills has been considered so far, and the Governor's program of legislation remains to be passed. The general opinion is that adjournment will be at the end of next week.

## SCHOOLS WILL CLOSE FOR SPECIAL ELECTION

Board of Education to Release  
Teachers and Pupils to Work  
for Passage of Tax Measure.

There will be no school Friday, April 8, a holiday having been voted by the Board of Education last night to permit teachers and pupils to work for the passage of the proposition to increase the school tax from 75 cents to 85 cents on the \$100 valuation, to be submitted at a special election on that date. At a similar election a year ago a half-holiday was declared by the board. No holiday was voted by the board for either the primary, next Friday, or the municipal election.

April 5, but a suggestion that the schools be closed early to permit the teachers to vote was left to the discretion of Acting Superintendent of Instruction Maddox. A request that the board authorize a collection in the schools on St. Patrick's day, March 17, for the relief of sufferers in Ireland was approved. Acting Superintendent Maddox recommended the appointment of Charles H. Slater, assistant principal at Cleveland High School, as acting principal, and Milton Frye, head assistant, as acting assistant principal to fill the vacancies created by his appointment as temporary head of the department. The recommendations were approved. It was reported the enrollment in the schools for the second quarter of the term just finished was 102,535, about 2000 more than the enrollment at the same time last year. The enrollment at the end of the term last year was 106,991. Secretary Mason reported the sale of the site of the old Dumas School at 1418 Lucas avenue for \$25,000. The property has been carried on the books of the board at a valuation of \$8000. It has been owned by the board for many years.

## NOT GUILTY VERDICT IN CASE OF MOTOR CYCLE DRIVER

Elmer Hawkins, Charged With  
Manslaughter in Death of John  
Stumpf, Freed by Jury.

A verdict of not guilty was returned by a jury in the Criminal Court last night in the case of Elmer Hawkins, 707 Marion street, charged with manslaughter in causing the death of John Stumpf, 75 years old, 1870 South Eleventh street, on May 22, 1920, from injuries received May 9, when he was struck by a motor

cycle driven by Hawkins, at Seventh street and Allen avenue. There was testimony that Hawkins was driving at high speed. He testified that he was going only 15 miles an hour and tried to miss Stumpf by swerving, but Stumpf became confused and got in the way and was struck by the side car. The charge against Hawkins was manslaughter.

"I know it to be a fact that many legislators in years past have held prejudices against any measure conceived in St. Louis," he said. "The St. Louis people have such an assessed valuation as great as that of 17 rural counties combined. St. Louis pays an enormous amount of money for the support of the state government. St. Louis is as the best friend of those who live in the country."

"This delegation came to Jefferson City to ask for no favors, to lobby for no legislation," he said. "We came here to try and convince the members of the Legislature that St. Louis is not out to grab anything that belongs to the country. If St. Louis is to have a vote in Missouri, I would be against St. Louis. But I am happy to say that St. Louisians want nothing that it should not

## \$15,000 VERDICT AGAINST CROSSLEY OIL COMPANY

Finding Against Former  
Lieutenant-Governor and  
Others as Directors of Mid-  
west Company.

### 73 OTHER SUITS AGAINST CONCERN

Farmer's Case First of 74  
Charging Fraud and Deceit  
in Sale of Stock to Plain-  
tiffs.

Special to the Post-Dispatch.  
CHARLESTON, Mo., March 9.—  
A verdict for \$15,000 was awarded  
Monday by a jury in the Missis-  
sippi County Circuit Court here in  
favor of Frank Meir, a farmer of  
Vanduser, Mo., in an action for al-  
leged fraud and deceit against Wal-  
lace Crossley, former Lieutenant-  
Governor; E. P. Deal, former State  
Treasurer; L. O. Goodin of La Plata,  
Mo., a banker; Circuit Judge C. A.  
Burney of the Sixteenth Judicial  
District, and J. A. Wilson, Kansas  
City lumberman, directors of the  
Missouri Midwest Oil Co.

The suit is the first to be tried of  
74 which were filed in December,  
1919, by stockholders of the com-  
pany in Southeast Missouri counties,  
all making the same allegations and  
asking for judgments for \$47,000.

Verdict for Amount Paid.  
The Meir verdict was for the full  
amount that he had paid for stock  
of the company. The trial began  
Wednesday. The principal witnesses  
were John T. Barker, former Attor-  
ney-General, who was counsel for  
the company; T. L. Bugg, cashier of  
the Vanduser Bank; Walter David-  
son, a stockholder, of Bertrand,  
Mo., and the litigants.

The testimony of former Attorney-  
General Barker occupied the court  
for an entire day. Attorneys for the  
plaintiff showed that the Midwest  
Oil Co. was incorporated in Dela-  
ware without any real capital and  
with three dummy directors, who  
later transferred their stock to the  
present directors. Each of these, it  
was shown, put in \$1000 in cash and  
the corporation was organized be-  
fore the company held any con-  
tracts or oil leases.

Testimony was also introduced to  
show that agents for the company  
had taken prospective stockholders  
to Butler County, Kan., where they  
were shown producing wells which  
were claimed to be owned by the  
company, while the stockholders  
contend that the company had no  
wells. Attractive prospectuses, it  
was also alleged, were issued in  
which statements were made which  
were untrue.

Reference to Prospectuses.  
The defendants in their case stated  
that the prospectuses which were  
issued by L. O. Riley, promoter of  
the company, were repudiated by  
them and that the promoter had  
been instructed to destroy them.  
They asserted that they had sup-  
posed that this order had been car-  
ried out and were unaware of the  
fact that those prospectuses were  
circulated. The company, they tes-  
tified, was a legitimate one and com-  
plied with all the laws of Missouri  
and was not organized in Delaware  
for the purpose of defrauding any  
of those who might purchase its  
stock.

Ward and Reeves of Caruthers-  
ville and Gallivan and Finch of New  
Madrid were attorneys for the plain-  
tiff, they also being attorneys for  
the 75 other stockholders whose  
suits are based on the result of this  
first one. Lawyers for the defense  
were Harvey and Crane and Elmer  
Jones of Kansas City and Russell  
Brown and Joslyn and J. M. Haw  
of Charleston.

### PACKING HOUSE WORKERS TO DISCUSS WAGE REDUCTION

Omaha Employees Protest Vigorous-

Return to 10-Hour Day.

By the Associated Press.  
OMAHA, Neb., March 9.—Dele-  
gates to the national conference of  
Packing House Workers' repre-  
sentatives will go into session here today  
to discuss the announced reduction  
in wages of employees.

Things were quiet in the packing  
house district in South Omaha last  
night, although at one local union  
meeting some of the speakers were  
vociferous in their protestations  
against what they say is the return  
to the 10-hour day.

Opinion among the workers seems  
divided as to whether or not a strike  
will be called.

## HISTORY REPEATS

To curb extravagance, Lycurgus forbade the Spartans to dine at their own homes. And ordered that all should eat together of the same wholesome food at public tables.

For the same excellent reason, Americans are more and more adopting the Spartan mode of dining.

As is evidenced by the ever increasing popularity of the CHILDS restaurants.

## ENDS STUBBORN COUGHS IN A HURRY

For real effectiveness, this old home-made remedy has no equal. Easily and cheaply prepared.

You'll never know how quickly a bad cough can be conquered, until you try this famous old home-made remedy. Anyone who has coughed all day and all night will say that the immediate relief given is almost like magic. It is very easily prepared, and there is nothing better for coughs.

Into a pint bottle, put 2 1/2 ounces of Pinex; then add plain granulated sugar syrup to make a full pint. Or you can use clarified molasses, honey, or corn syrup, instead of sugar syrup. Boil away, the full pint saves about two-thirds of the money usually spent for cough preparations, and gives you a more positive, effective remedy. It keeps perfectly, and is as pleasant as children like it.

You can feel this take hold instantly, soothing and healing the membranes in all the air passages. It promptly loosens a dry, tight cough, and soon you will notice the phlegm thin out and disappear. A day's use will usually break up an ordinary throat or chest cold, and it is also a good for bronchitis, croup, hoarseness, and bronchial asthma.

Pinex is a most valuable concentrated compound of genuine Norway pine extract, the most reliable remedy for throat and chest ailments. To avoid disappointment, ask your druggist for "2 1/2 ounces of Pinex" with directions and don't accept anything else. Guaranteed to give absolute satisfaction or money refunded. The Pinex Co., St. Louis, Mo.

## HYDE FORCES LOSE CONTROL IN HOUSE IN SALARY FIGHT

Administration Leaders Abandon Part of Program When Figures in Two of Their Measures Are Slashed.

## PRISON BOARD AND FINANCE BILLS UP

Plan Was to Give Wagner of Jefferson City Chairmanship at \$5000—Stipend Cut to \$4000.

By a Staff Correspondent of the Post-Dispatch.

JEFFERSON CITY, March 9.—Administration control of the House disappeared late yesterday afternoon when two of the consolidation bills came up for action. Party leaders were forced to abandon a part of the program for the day because of the fight being made within the party on the bills.

The Republican legislators opposed with very few exceptions the salaries demanded by the administration for the position created, and slashed the salaries in the bills as rapidly as they could be considered.

The two measures taken up for consideration were the bill abolishing the nonpartisan State Prison Board of three members and creating a new board of five Republicans, and the bill creating a State Department of Finance. By the time the House finished amending the measures, they had little resemblance to the bills as they came to the Legislature from Gov. Hyde's office, and it is the expectation that enthusiasm for them from the Republican politicians who have been expecting the jobs will materially diminish.

The prison bill was first considered. Seeking to legislate out of existence the present Prison Board of two Democrats and one Republican, the bill sought to create a board of five, all of whom would be Republicans. Although widely advertised as an economy measure, the bill contained provisions which would enable each of the five members to receive a salary of \$5000 a year. Of the present board one receives \$4000 and two \$2500 each.

Purpose of Bill.

One of the principal intentions of the administration forces in preparation of the bill, it has been commonly understood in the capitol, was to provide a \$5000 job for George Wagner of Jefferson City, a member of the Republican State Committee. Wagner is slated for the chairmanship of the board, which will carry with it the right to occupy free the warden's residence, a beautiful home near the prison.

The first attack on the board came from Representative Whitaker of Hickory County, a Republican. Whitaker offered an amendment to limit the salary of chairman to \$4000 and that of each of the other members of the board to \$2500.

Questioning Representative Lay of Crawford County, who introduced the bill at the request of Gov. Hyde, Whitaker asked:

"Do you honestly believe there should be any salary in the bill above \$4000?"

"Speaking like a honest man in my heart," Lay replied after a moment's hesitation, "I will say I do not believe there should be."

"I am against these high salaries," Whitaker continued. "I am against the subterfuges such as those in this bill by which salaries are made to appear low, but provide roundabout means by which they can be made high. If this bill is drawn in the interest of job-hunters in the Republican party, I will say right now that I won't stand for it."

States Opposition to Bill.

"As a Missourian, I am opposed to it, and as a Republican, I am opposed to it. We came into office on a platform of economy and for one, I am still standing on that platform."

Whitaker's amendment was adopted and he offered another which removed from the bill a provision that the chairman of the board should be supplied with fuel, light and water for his official residence. This also was adopted.

Whitaker next successfully struck at the provision which would permit uninterrupted partisan control of the penal institutions, offering an amendment providing that not more than three of the five members of the board should be members of the same political party.

"I was a member of the House when the present board was created," he said, "and I fought with other Republicans for a board which should be divided politically. We obtained that concession from the Democrats. I believe then and I believe now that it is necessary for the safety of the management of the penal institutions that the board shall be nonpolitical."

Representative Stockard of Greene County, sought to amend the bill to permit the board to fix the salaries of the two chaplains who under the present law receive \$1250 a year each. Lay opposed the amendment.

Little Fight on Engraving.

"It means salary increases for them," he said. "There is a lot of

this salary grab business I can't swallow." The amendments having been discussed on next page.

## RECIPE TO CLEAR A PIMPLY SKIN

Pimples Are Impurities Seeking an Outlet Through Skin Pores.

Pimples, sores and boils usually result from toxins, poisons and impurities which are generated in the bowels and then absorbed into the blood through the very ducts which should absorb only nourishment to sustain the body.

It is the function of the kidneys to filter impurities from the blood and cast them out, but in many instances the bowels create more toxins and impurities than the kidneys can eliminate, then the blood uses the skin pores as the next best means of getting rid of these impurities which often break out all over the skin in the form of pimples.

The surest way to clear the skin of these eruptions, says a noted authority, is to get from any pharmacy about four ounces of Jad Salts and take a tablespoonful in a glass of hot water each morning before breakfast for one week. This will prevent the formation of toxins in the bowels. It also stimulates the kidneys to normal activity, thus coaxing them to filter the blood of impurities and clearing the skin of pimples.

Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia. Here you have a pleasant, effervescent drink which usually makes pimples disappear; cleanses the blood and is excellent for the kidneys as well.

## Why You Must Have Iron to Make Your Body Strong and Your Brain Keen

Alert and Powerful—Value of Spinach and Organic Iron to Help Make  
Rich Red Blood and Revitalize Wornout Exhausted Nerves

WITH PLENTY OF BLOOD AND IRON, YOUR BRAIN is the most won-  
derful thing in all creation but without these it is nothing. IRON TAKES  
OXYGEN from your lungs and carries it to your brain. Without iron your  
brain gets no oxygen; and without plenty of rich red blood and oxygen your  
brain becomes dull and heavy. YOUR INTELLECT POOR, your memory fails,  
YOU DO FOOLISH THINGS, make bad decisions and you really amount to  
nothing, so far as accomplishing anything of importance is concerned.

Also without iron YOUR BLOOD BECOMES THIN and watery and loses  
its power to change food into living cells and tissue and therefore nothing you  
eat does you the proper amount of good—you do not get the full strength out  
of it.

THERE ARE 30,000,000,000,000 RED BLOOD CORPUSCLES IN YOUR  
BLOOD AND EACH ONE MUST HAVE IRON.

When, as a result of iron starvation,  
you get up feeling tired in the morning,  
when you find yourself nervous, irritable  
and easily upset; when you can no longer  
do your day's work without being all  
tired out at night; when your digestion  
all goes wrong; or you have pains across  
the back and your face looks pale and  
drawn, do not wait until you are all de-  
pleted and collapse in a state of nervous  
prostration, or until in your weakened  
condition you contract some serious dis-  
ease, but get more spinach and other  
iron-containing vegetable and take or-  
ganic iron with them to help enrich your  
blood and revitalize your wornout ex-  
hausted nerves. But be sure that the  
iron you take is organic iron, and not  
metallic or mineral iron which people

usually take. Organic iron is like the  
iron in your blood and like the iron in  
spinach, lentils and apples, while metal-  
lic iron is just as it comes from the ac-  
tion of strong acids on small pieces of  
iron. Organic iron may be had from your  
druggist under the name of NUXATED  
IRON. Nuxated iron represents organic  
iron in such a high concentrated form  
that one dose is estimated to be ap-  
proximately equivalent (in organic iron  
content) to eating half a quart of spinach  
or one quart of green vegetables. It is  
like taking extract of beef instead of  
eating pounds of meat. Your money will  
be refunded by the manufacturers if you  
do not obtain perfectly satisfactory re-  
sults. For sale by all druggists.

ENRICHES THE BLOOD—GIVES  
YOU NEW STRENGTH AND ENERGY

## FIVE YEARS FOR STORE EMPLOYEE WHO STOLE GOODS

Former Porter Admits Taking Dress  
Valued at \$59.75—Goods Valued  
at \$10,000 Reported Found  
at Home.

Michael Weisbecher of 1817 South  
Eighty street was sentenced yester-  
day to five years in the penitentiary  
on his plea of guilty of having  
stolen a dress valued at \$59.75 from  
the store of Stix, Baer & Fuller,  
where he formerly was employed as  
porter.

At the time of Weisbecher's arrest  
the police reported that they had  
found at his home goods valued at  
about \$10,000, and that officials of  
the store had reported thefts total-  
ing about \$50,000, which had oc-  
curred during Weisbecher's employ-  
ment there. Weisbecher was ar-  
rested following an investigation  
which disclosed that he was living  
on a scale not justified by his salary.

Edward Hooley, 37 years old, for-  
merly manager of a Kroger Grocery  
at 2829 Cass avenue, pleaded guilty  
of embezzling \$105.53 belonging to  
the company and was sentenced to  
two years in the penitentiary. He re-  
ported to the police Jan. 25 that he  
had been held up and robbed of the  
money. Later he confessed that he  
had not been robbed. He said he  
spent \$51 of the money entertaining  
two women at a cabaret.

James Andreoli, 1323 Carr street,  
was sentenced to five years in the  
penitentiary on a plea of guilty of  
first-degree robbery. He held up  
Abraham Dubinsky, 918 North Thir-  
teenth street, last Nov. 18 and  
robbed him of \$1.50.

## FOUR MOTOR CYCLE POLICEMEN INJURED IN TWO ACCIDENTS

One Cycle and Sidecar Skids on Car  
Track and Overturns—Another  
Hits Automobile.

Four motor cycle policemen, com-  
prising two emergency squads, were  
injured last night.

Patrolmen Thomas Wren, 29  
years old, of 3923 Evans avenue,  
and William Maher, 32, of 4037  
Kentucky avenue, were seriously  
hurt when their motor cycle and  
sidecar skidded on a street car rail  
and overturned at Sarah street and  
Duncan avenue. Wren suffered a  
fractured shoulder and internal in-  
juries and Maher scalp wounds and  
internal hurts.

Patrolmen Joseph Knox and Hugh  
Hayhurst were thrown from their  
motor cycle and sidecar in collision  
with an automobile driven by Aaron  
P. Arends, 5806 Clemens avenue,  
while they were rushing west in Del-  
mar boulevard in response to a  
message that three shots had been  
heard at Nina place and Hamilton  
avenue, at 10:30 p. m. At Good-  
fellow avenue, Arends, who was  
driving west, also turned to the left  
to enter a garage on the south side  
of the street and the motor cycle  
struck the car and was overturned.  
Both policemen were cut and  
bruised. The "shots" proved to be an  
automobile back-fire.

## HYDE FORCES LOSE CONTROL IN HOUSE IN SALARY FIGHT

Continued From Preceding Page.

posed of, there was not much oppo-  
sition to the engrossment of the bill,  
though Representative Killam of  
Lincoln County, a Democrat, pleaded  
that the law should not be changed.  
He read an editorial from the Sun-  
day Post-Dispatch, calling attention  
to the efficient management of the  
penitentiary under the present board,  
and urged there should be no change  
for political reasons.

"This is a bill," he said, "to shift  
Democrats out of office and put Re-  
publicans in their places. I under-  
stand it was drawn particularly to  
provide a place for a man whose  
principal merit is that he was active  
in the Republican campaign, a man  
who is not experienced in prison  
management."

The bill creating the Department  
of Finance was then taken up. One  
of the purposes of its preparation  
was to provide a \$7500 job for J. G.  
Hughes of Macon, chairman of the  
Republican State Committee and re-  
cently appointed by Gov. Hyde to the  
office of State Bank Commissioner.  
The administration had a change of  
heart regarding the salary before the  
bill was introduced, however, and  
the salary was reduced to \$5000.

As introduced, the measure con-  
solidated in the one department the  
duties of the State Bank Commis-  
sioner, the Supervisor of Building  
and Loan Associations and the ad-  
ministration of the soldiers' settle-  
ment act. It was amended yesterday  
to include the administration of the  
"blue sky" law.

Representative Elmer of Dent  
County, Republican, led the fight on  
the number of jobs and the increased  
salaries provided. As drawn, the  
bill gave the commissioner of  
finance power to name as many em-  
ployees as he saw fit, and explicitly  
stated the number of bank examiners  
was to be 20, double the number  
now employed. The salaries were  
restricted to not to exceed \$2400 a  
year for examiners and assistants,  
and \$3000 for the deputy commis-  
sioner. The latter now receives  
\$2500 and the examiners \$2000.

Limit of 20 on Employees.  
Elmer's amendment limited the  
total number of employees to 20, in-  
cluding the examiners. Whitaker  
offered a substitute limiting the  
number of examiners to 15, but leav-  
ing unlimited the number of other  
employees. This was adopted, but  
later an amendment was adopted  
limiting the number of assistants to  
five, which, with 15 examiners, would  
make Elmer's limit of 20.

Elmer next attacked the salaries  
and as a result of his fight the Com-  
missioner's salary was reduced from  
\$5000 to \$4000. Lay and Represent-  
ative Hales of Shannon County, a  
Democrat, joined in the onslaught  
on the salaries and succeeded in re-  
ducing all of them. The deputy  
commissioner was reduced from  
\$3000 to \$2500, the examiners from  
\$2400 to \$2000, the clerk's from  
\$2400 to \$1800 and the stenogra-  
pher's from \$1500 to \$1200.

The bill creating the Department

of Labor was to have been taken up  
following the finance bill, but Rep-  
resentative Morgan of Putnam  
County, Republican floor leader,

hurried it to the informal calendar,  
realizing that it would meet the lat-  
ing mood. The labor bill also  
same fate as the other bills it creates many jobs.

**POLICEMAN, SHOT IN LUNG,  
IS RECOVERING, DOCTORS SAY**

Shot and Killed Assailant After Having Been Struck by Bullet.

Patrolman Lawrence R. Krewet, who was shot in the right lung Dec. 23 by John Foley, 1117 North Eighth street, in a holdup of a grocery at 2245 Cass avenue, and then wrested Foley's gun from his hand and shot him to death, is said by doctors at the city hospital to be nearing recovery.

Krewet suffered for some time from congestion of the lungs, but his physician said today that this is about cleared up. The doctor said he probably would be able to leave the hospital in about a month.

## Haines' Hurling Features Cardinal Victory Over A's

Right-hander Yields Only Two Hits in Four Rounds He Labors on Hill.

### HEATHCOTE OFF COLOR

Outfielder Retired From Clash Yesterday Because of Pair of Lame Ankles.

By a Special Correspondent of the Post-Dispatch.

ORANGE, Tex., March 9.—Bringing their losing streak, which had assumed the proportions of three successive defeats, to a close, with a victory over Mack, the Cardinals yesterday won their first game since the Cardinals' last victory over the Cardinals.

It was a dark, cloudy day and Haines' burning speed made the Mackmen look less effective than in any of the games played to date. He barely tossed the ball past them and they were breaking their backs trying to reach his curve. He worked four rounds and the A's did not get the semblance of a run. Griffin singled in the first inning with one gone and then Haines' kicked a roller from Tillie Walker's bat, but Welsh led to Toporoff and "Spec" showed to Lavan, doubling Griffin. The only other hit off Haines was an infield single by Welsh in the fourth.

In two of the four innings Haines retired the Mack men in order. Only three men reached first base, and only one got as far as second.

Jakie May Is Bumped.

At one stage of the game the St. Louisans led the Mack men by nine runs. Jakie May succeeded Haines on the mound and was nipped for three runs. These came on three hits and a hit batter in the seventh round, and none out. Then to throw it was all a mistake, Jakie struck out Dykes, Myatt and Moore.

The last twister to be used by Dykes was a fast curve, which served one round. Ferdie got away and two runs were counted off. Then to throw it was all a mistake, Jakie struck out Dykes, Myatt and Moore.

Cardinals Get 31 Batting.

Off Joe Hasty, Rollie Naylor and Roy Moore, the Cardinals collected 31 hits. Moore was the only twister to blank the Knot Workers and he served only two rounds.

With Hasty working in the second round and the score 0-0, Clemens brought a big round of applause by hitting the ball over the left-field fence. No one was on that time. Hasty retired the next two batters, and then the Cards started another scoring feat. The second run of the frame came when Mueller doubled off Purnier single, and then Hasty followed him on Willie Walker's wild throw. Dihoefer's double, a wild pitch and Toporoff's sacrifice fly completed the fifth inning.

Purnier and Hornsby hit. Purnier and Hornsby, the latest pair to report, had done the most in the series. Each got two blows yesterday. Besides his long triple, Hornsby got a single. Purnier dumped two base hits in the box score. The catchers also had a big day. Clemens only worked three innings and batted in the fourth round. Then Dihoefer relieved him and in three times up poked out a double and two singles.

The failure of Cliff Heathcote to find to condition rapidly has been a disappointment. He has been in all of the games but has not been able to play because of a pair of lame ankles. Russell Higginbotham, the Young Texan, topped Heathcote in center when Hasty retired.

Dixie Walker, the New Orleans regular, is slated to start today's game at Lake Charles.

## "Next Featherweight Champion" Faces Rugged Kid Bandy Tonight

Andy Chaney, Leading Candidate for Kilbane's Crown, Will Make Second Appearance at Coliseum—Local Fighter Will Have a Slight Weight Advantage.

### By John E. Wray.

Kid Bandy, the toughest bit of flatie timber that has been shaped into the semblance of fighting form here, for some time, will climb to a higher altitude tonight, when he endeavors to face real title class in the person of Andy Chaney, of Baltimore, at the Coliseum.

Chaney, whose flashing success here in a one-round victory over Harry Kabakoff will be remembered by many fans, is undoubtedly one of the leading candidates for Johnny Kilbane's crown. It is the prevailing opinion here that he will topple the ageing titleholder, in a bout of sufficient duration, if they meet again. He has met and eliminated most of the featherweight opposition, and that he has a knockout punch is shown by many "kayoes" in his record, made at the expense of some very good opponents.

Chaney's one appearance here was no brief as to furnish little clue to his merit. Jumping from his chair in the first round, he sailed into Kabbay and within a few seconds had scored such a savage blow as to daze his foe. The Ghetto Ghost never found his bearings and he was battered to the floor again and again. With Chaney winning inside the three minutes. His exhibition showed he is fast, clever on attack and can hit straight and hard.

Bandy Is Tough Stock.

However, he is a different timber tonight. In Bandy, The Kid has never been flattened. He is a wonderfully developed husky, with gnarled muscles of oak-like hardness. He is not fat at any time and seldom is he out of condition. He can take a beating and he can give one, too. Although not a straight, accurate smiler, he can hook and mail, and very rarely hesitates to the opposition. He is aggressive and has an unquenchable courage.

This has been shown twice in fights with his hand. Against Kabbakoff and Kid Regan, Bandy's right was put out of commission early in the game; but he left-handed his way to victory and clinched his way to have made a less game man quit.

### Major League Training Camp Briefs

Ruth Acts as Handy Man.

NEW YORK, March 9.—The "Babe" Ruth, the New York American star, trained "considerable" yesterday at the Yankees' spring camp in Shinnecock, L. I., where he reported today. During a routine practice in the forenoon, he qualified as a side-line coach, as he took over the coaching of left-handed pitchers. In the afternoon he played first base, pitched a few innings, worked in center field, and then he went to the batting cage and hit a few home runs and a few singles. He brought the day to a close by relieving the bat boy of his duties.

Davy Bancroft, the New York Nation's shortstop, who was reported ill, entered his practice yesterday at the Giants' camp in San Antonio and displayed. It was reported here today, anything but physical defects, but he was not able to play.

New Orleans were prevented by rain from playing their first practice game yesterday.

Scott to Captain Red Sox.

BOSTON, March 9.—Everett Scott, veteran shortstop, who was reported ill, entered his practice yesterday at the Sox last season, and Catcher Al Walters, neither of whom has signed a contract, but the appearance of both at training quarters is expected, the dispatches said.

Allan Russell, the spital pitcher, who was out of the Sox last season, because of illness, but who expected to be back with the team this spring, is still on the sick list. He is in Baltimore.

Gardner Only Absentee.

CLEVELAND, O., March 9.—Larry Gardner, veteran third baseman, was the only absentee when the champion Cleveland Indians donned their uniforms at the spring training camp yesterday, according to advices received from Dallas. Bill Wambach, the second baseman, worked out with his teammates for the first time. A thunderstorm handicapped the Indians' practice yesterday.

Reds Play First Game.

CINCINNATI, O., March 9.—Reports from the training camp of the Cincinnati Reds at Clison, Tex., say the players are all set for the first game of the season today, when two teams selected from the 25 men in training will receive their initial test. Manager Moran says he will not see any pitcher more than three rounds as a starter.

As he has only six infielders here, he will play Epps Rixey at first base and Louie Fauson at second base. Rixey will play third base on the regular; Louie Fauson second and Sam Bohn third with either Sam Crane or Carl Schmeil at short, and the outfield will consist of Duncan, See and Peckham. Maynard Felix, the big first baseman, is nursing a sore toe and will not appear in the first game.

Knickerbocker Please See Leader.

CHICAGO, March 9.—Reports from the Sox training camp at Waukegan, Ill., indicate Manager Gleason's enthusiasm over the showing of the pitching recruits during the first round of the season. The Sox were favorably reported on, it was said, and the Sox were expected to be in the work-out until afternoon, but Gleason was forced to caution many

of the squad not to overdo their conditioning stunts lest they develop sore muscles.

Cub Youngster Is Injured.

CHICAGO, March 9.—Johnny Kelleher, working out at shortstop for the Cubs, is under care of an eye specialist, according to reports from the Cub training camp at Pasadena, Cal. He received a bad blow from a fast grounder, which injured his eye, and he is expected to be out of the team for some time.

Pirates Regulars Gather.

PITTSBURGH, March 9.—The second day of the Pittsburgh National League club will assemble here today for the first time. The team is expected to be in the city tonight for the first time. The team is expected to be in the city tonight for the first time.

Shoemaker Plays Vaughn in "Pool" Tournament.

CHICAGO, March 9.—Champion J. H. Shoemaker of New York tonight meets Carl A. Vaughn of Chicago in the third series of games for the national amateur pool championship. Vaughn has won matches so far while Shoemaker broke even, retrieving his defeat by Earl Patterson of Chicago, with a victory yesterday over Harry Daw of Detroit, 25 to 19. Patterson, who lost to William H. Leu of Rockford last night, plays Gus Gardner of New York today, while Daw meets William H. Leu of Rockford, Ill., in the Illinois State championship.

Toledo After Next A. B. C.

TOLEDO, O., March 9.—With the agreed intention of "bringing the 1922 tournament of the American Bowling Congress to Toledo," 12 Toledo bowlers left here for Buffalo today. They will put in a strong bid for the tournament at the executive meeting of the A. B. C. on Saturday. The delegation was headed by Elmer C. Dyer, a member of the A. B. C. Executive Committee. Judge Howard of Chicago, a past president of the organization, accompanied the Toledo delegation.

Leonard-Kansas Title Contest Is Postponed.

NEW YORK, March 9.—Postponement of the match between Benny Leonard, world's lightweight boxing champion, and Rocky Kansas of Buffalo, scheduled to be held here March 11, was announced today. A heavy fog had prevented the champion from leaving for Buffalo, and he is now preparing for the contest. His manager declared, however, he probably would be able to resume training next week, and this event the bout may be held March 22.

Badgers Beat Buckeyes.

MADISON, Wis., March 9.—The University of Wisconsin defeated Ohio State, 14 to 24, in a Western Conference basketball game last night. The victory places Wisconsin in a tie with Michigan and Purdue for the conference basketball championship.

Smith Opposes Roberts.

NEW YORK, March 9.—"Gunboat" Smith, veteran heavyweight, and Al Roberts of New York will meet in a 15-round bout here tonight. It will be the Gunner's first ring appearance in several months.

## Pitchers Palmero And Kolp Praised By Manager Fohl

Browns' Leader Thinks He Has Two Bright Prospects—Sisler Has Injured Foot.

### By a Special Correspondent of the Post-Dispatch.

BOGALUSA, La., March 9.—George Sisler was unable to perform at his usual station yesterday in the daily workout because a corn is giving him considerable trouble. Last week Tom Lukonovic traveled all the way to New Orleans to have a corn treated, missing the practice sessions four days. Sisler visited the local hospital, where he received treatment and also was advised not to wear his baseball shoes for several days. George last night cut a large hole in the side of his right shoe and stated that he will continue to wear these shoes until his toe improves.

The absence of Sisler from the playing field necessitated bringing Phil Todd from the outfield to the position at first base. Todd plays a splendid game around first and if necessary, the hard-hitting St. Louisan can fill the position satisfactorily against Milwaukee Saturday and Sunday.

Emilio Palmero, the Cuban south-paw, yesterday began cutting loose in the batting practice and fielding. He really put up a more pleasing fight than Lawler. If this line of comparison means anything, Chaney will not flatten Bandy tonight, in spite of the fact that he rates higher in class. Bandy will have a considerable weight advantage. Chaney can do 132 pounds. He did it for Johnny Kilbane in an eight-round bout at Philadelphia last year. He will probably weigh about 125 pounds tonight while the agreement gives Bandy the privilege of weighing 125 pounds. At right-side this will mean about 130 pounds for Bandy. He will be strong at this figure.

Chaney and Bandy were matched to fight for some weeks, owing to the fact that Lawler just got back from his tour in France. He is a first-class pitcher and one who will be able to remain as a fixture on the Browns' pitching staff. Palmero is a south-paw, weighs 165 pounds and is 5 feet 10½ inches tall.

Manager Fohl Praises Kolp.

Raymond Kolp, A. A. U. champion, is another hurler who is drawing considerable praise from Manager Fohl. Without any question of a doubt this boy not only has the right stuff, but also possesses the brains to make him a most dependable hurler. Besides this, the young star has plenty of confidence.

The athletes yesterday were sent through another long and strenuous workout, including running and fielding practice for the pitchers; batting practice for the entire squad and fielding for both the regulars and the recruits. Allan Sothern spent the greater part of an hour fielding bunts and throwing the ball to second base. With Murchison taking part in the local carnival it is expected that an effort will be made to stage the inter-city relay race between Chicago and St. Louis for the Rod Murchison trophy.

Manager Fohl last night stated that he will send the Browns to Chicago to play the Cubs in a full nine-inning game.

ONLY ONE ST. LOUIS HIGH SCHOOL QUINT ENTERED IN PIKERS' TOURNAMENT

Two new entries have been received for the Washington University inter-city basketball tournament to be held at Francis Gymnasium March 17, 18 and 19. Pinkneyville and Hillsboro, Ill., have decided to send teams to the competition.

The local high schools still fail to send their entries and it appears that Cleveland High School will be the only representative of the local "prep" league to compete in the tournament. The newly acquired shortstop of the regulars who were graduated last semester.

The Leacora, one of the strongest teams in the Municipal basketball Association, have put up a three-time trophy for the tournament. It is a large silver cup and is valued at \$100. This prize will be held for one year by the winner. Permanent trophies will be awarded by Washington University.

STATE AND CITY GOLF TOURNAMENT DATES AWAIT ON LOCAL GOLF BODY

The St. Louis District Golf Association has not yet held its annual winter meeting, scheduled for the first Wednesday in March. Officers of the association are expected to meet tonight at the home of Earl Patterson, who has been elected to the position of president.

## Tex Richard Considers Canadian Offer for Dempsey-Carpentier Go

NEW YORK, March 9.—Tex Richard must wait until next Tuesday to find out just what move, if any, Tex Richard will make toward awarding the Dempsey and Carpentier bout for the Dominion.

Tex met C. F. Graham and the four Canadian committeemen in the tower of the old Town Hall yesterday and whether Tex liked or disliked their new proposition was not known, as Tex came out of the conference with an impenetrable baby stare.

The only information that was forthcoming was the word that he would go to sleep on the Canadian offer every night until March 15, at which time he will state whether he will move on to Canada. The meeting was held in the tower of the old Town Hall yesterday and whether Tex liked or disliked their new proposition was not known, as Tex came out of the conference with an impenetrable baby stare.

## Why Union Electric Preferred Stock Is Missouri's Safest 7% Dividend Payer

Union Electric is a PERMANENT business built on GOOD SERVICE AT LOW RATES. It supplies a universal necessity, the demand for which is constantly increasing. It is a State-regulated natural monopoly. It supplies, and must continue to supply, substantially all of the electric light, heat and power services required by St. Louis and the St. Louis industrial district. State policy recognizes that one large company can supply these services better and at less cost than several smaller competing companies.

State appraisal assures 100% income-producing property value back of each share of this stock. State regulation, with sound management, assures regular payment of its 7% dividends—\$1.75 per share four times a year.

The Company's \$11,000,000 of common stock, closely held by permanent investors, absorbs the risks of the business. Over a ten-year dividends on the common stock have ranged from 5% to 9%. Dividend earnings have always been several times the amount needed to pay 7% on outstanding preferred stock. For 1920 dividend earnings were over SIX TIMES the amount needed to pay 7% dividends on more than \$3,000,000 of preferred stock outstanding. We are now selling the fourth million of the preferred stock, with the State's approval, to finance growth of the business.

The Company maintains, in its SECURITIES DEPARTMENT, an open market in which all who buy the shares direct from the Company can have them resold, without charge. Since this plan was adopted, in December, 1919, the Company has resold nearly 7,000 shares for its shareholders, EVERY SHARE AT PAR FOR CASH, and without charging a penny for the service. This policy has made these shares as good as gold in the hands of their owners. For example, one woman shareholder, buying a home, told the seller she would have her Union Electric preferred shares resold and bring him the money. "Don't do that," he said. "I would rather have the shares than the money. The Company's policy makes them always worth par, and they earn 7 per cent."

It is worth bearing in mind, too, that State and Federal income tax payments made by the Company make the dividends on Union Electric preferred stock a TAX-FREE, NET CASH SEVEN PER CENT INCOME, for shareholders whose NET income is \$5,000 a year or less.

You can buy these shares at our SECURITIES DEPARTMENT, Room 201 Union Electric Building, St. Louis, or at Union Electric's offices in St. Louis, St. Charles, Franklin, Jefferson and Perry counties. MAIL ORDERS FILLED PROMPTLY BY REGISTERED LETTER. The price is \$100 a share for cash, \$102 on a ten-payment plan, under which buyers pay \$10.20 a month for ten months on each share, draw 5% interest on their payments, and can withdraw all payments, WITH INTEREST, any time before the last installment is due. Mail or telephone us your name and address and we will send a salesman, or a circular, as you prefer, to explain this offer in detail.

## SALVATION ARMY COMMANDER TO SPEAK IN ST. LOUIS SUNDAY

Miss Evangeline Booth's Address to Be at Third Baptist Church and Union M. E. Church.

Commander Evangeline Booth of the Salvation Army will deliver two public addresses in St. Louis on Sunday, March 20, under the auspices of the St. Louis Advisory Board of the Salvation Army. It was announced by members of that body today. The talks will be delivered at the Third Baptist Church, Grand and Washington avenues, and at Union M. E. Church, Grand and Delmar avenues. Her subject will be, "The Greatest Romance in the World."

Miss Booth, who is commander of all Salvation Army forces in the United States, is the fourth daughter of Gen. William Booth, founder of the Salvation Army. She is a daughter of Gen. Bramwell Booth, who has succeeded his father as the world-wide commander of the army. Miss Booth is about 50 years old.

Several months ago she suffered a severe attack of pneumonia poisoning, and it was not until yesterday that it was announced that she would positively make two public addresses in St. Louis.

Brigadier David E. Dunham, head of all Salvation Army activities in St. Louis, is in charge of the detail arrangements. The two public addresses will be under the direction of R. King Kauffman, vice president of the Mercantile Trust Co.; George L. Dyer, chairman of the Members' Conference of the Chamber of Commerce; T. P. Chapman, president of the Chapman Paper Co.; Forrest C. Donnell, Oscar E. Buder and Warren M. Chandler of the National Bank of Commerce.

For an "allround" Shirt sale, variety, quality and value-giving, this sale has had few, if any, equals in many months. Coming just before Easter, it will be particularly welcome to scores of men who have waited until now to purchase a supply of Shirts for Spring and Summer. It's extremely difficult to outdo our past Shirt sales, but if such a thing is possible, this event accomplishes just that. These Shirts are faultlessly made by a well-known concern, particular attention having been paid to the little details in tailoring which will appeal to particular men. Choice of an unlimited assortment of patterns, including one, two and three line two-tone effects, fancy figured, candy and hairline stripes and two-tone conservative effects. All have soft turnback cuffs, and come in sizes from 14 to 17.

Sale begins tomorrow at 9 a. m. Extra selling space and salespeople have been provided. Come early for best selection, because we know these shirts will be purchased in dozen lots by many men.

## 1921 EDITION OF TRAFFIC

### REGULATIONS ISSUED TODAY

Speed Laws, Especially Applying to  
School Districts and New Cross-  
ing Regulations, Emphasized.The 1921 edition of the St. Louis  
Traffic Laws and Regulations issued  
today by the Street and Police de-  
partments emphasizes the speed law  
and the reduction of speed in passing  
schools and includes the new regula-  
tion as to right of way at street inter-  
sections.The speed limits, omitted from last  
year's regulations, but printed in the  
new book, are eight miles per hour  
in the business district, 10 miles in  
other portions and six miles in turn-  
ing a corner or at a curve when the  
view is obstructed, and five miles  
within 400 feet of a school between  
8 a. m. and 5 p. m. on any day when  
school is in session.The new intersection rule is that,  
except where a policeman is direct-  
ing traffic, a vehicle approaching  
from the right has the right of way  
over vehicles approaching from the  
left.Copies may be obtained at police  
headquarters, 208 South Twelfth  
street; Street Department, Room 322  
City Hall, and City Register's office,  
Room 203 City Hall.

Constipation is women's worst enemy. DR. TUTT'S LIVER PILLS regulate and cleanse. The great remedy for women's special ills.

**Dr. Tutt's  
Liver Pills**

## Mothers! Give Youngsters Dr. Caldwell's Syrup Pepsin

They like Dr. Caldwell's, and it quickly relieves their constipation and headaches.

BEGIN to teach the child regular daily elimination as young as possible, and much constipation will be avoided later in life. The most convenient hour throughout life is immediately upon arising. It does not then interfere with play, school or work.

When in spite of your efforts a member of the family becomes constipated, give Dr. Caldwell's Syrup Pepsin in the size dose directed on the bottle. It is a mild, gentle laxative safe for young babies; effective for grownups. It is the largest selling liquid laxative in the world, and most economical as a sixty cent bottle will last you many months.

For your information, Dr. Caldwell's Syrup Pepsin is a compound of Egyptian Senna and other simple laxative herbs with pepsin and pleasant-tasting aromatics. Look on it as a good family friend, useful to relieve constipation and symptoms like headache, biliousness, colds, fever, bad breath, loss of appetite and sleep. It is no exaggeration to say that millions of families are never without a bottle of Dr. Caldwell's Syrup Pepsin. It safeguards their health.

### TRY IT FREE

Send me your name and address and I will send you a free trial bottle of my Syrup Pepsin. Address me Dr. W. B. Caldwell, 517 Washington Street, Monticello, Illinois. Every body now and then needs a laxative, and it is well to know the best. Write me today.

## SON OF MINISTER AND WOMAN FOUND DEAD

New York Police Believe Manager for Surety Company Killed Employee and Self.

NEW YORK, March 9.—Shot through the head, the body of William McCurdy, 35 years old, a manager for the American Surety Co., and Alice K. Snowden, 25, a stenographer in his office, were found yesterday in Central Park, near a bridge opposite Seventy-fourth street. A revolver lay nearby. Belief that McCurdy shot the girl and then killed himself was expressed by police.

McCurdy was the son of a clergyman in Pittsburg and lived with his wife and 5-year-old daughter, Frances, in Queensborough. At the surety company it was said McCurdy was personnel manager. Miss Snowden was his assistant.

The young woman's body was identified by her fiancé, Charles H. Mills of Brooklyn. On her finger was the diamond ring she had given him hardly a week ago. In McCurdy's pockets the police found a copy of Kipling's "Vampire," and notes of endearment, signed "Alice." One read: "I can't wait until I see you tonight." In an unaddressed envelope was a message evidently written by McCurdy to "Dear Nan," and telling her of the writer's love for a young woman.

"I know I'm a fool," the message said, "but I can't help myself, and I don't know how it will all turn out."

Charles Nagel, former Secretary of Commerce and Labor, spoke in Burkhams' behalf at the Hamilton Hotel meeting. He praised Burkhams for his insistence, as a local officer of the American Legion, that there should be no interference with the Committee of Forty-eight meeting here last spring. He assailed the third term idea, and said that the attempt to stir up racial antagonism to Burkhams, on the ground of his war service, should be resented by those to whom it was chiefly addressed.

## SOME SUPPORTERS ARE OVERZEALOUS, MAYOR KIEL SAYS

Continued From Page 15.

"The party organ," it is declared, "The Republican party controls the government of St. Louis through the majority of the votes of its people. The Globe-Democrat wants it to be always right. It is not always right in St. Louis. We know it, and everybody knows it. And one great reason is to be found in the political manipulation of the city government through the power built up by Mayor Kiel. The 'house cleaning' is not complete until the city hall itself has been renovated, and that cannot be accomplished until a new Mayor, backed by the demand of the people for good government, and their support in maintaining such a government, is installed there."

### ONE LITTLE BLEMISH

Will mar your Beauty.

No matter how perfect the features or how prettily gowned, if your complexion is marred by an ugly blemish you cannot possess complete beauty.

Little facial blemishes are easily prevented if the skin is given regular and proper attention. A neglected skin soon loses what beauty it has, becomes old and wrinkled, the pores clog and blackheads and pimples result. A skin cleansed thoroughly each day by a pure antiseptic soap such as Black and White, is radiant with youth and color.

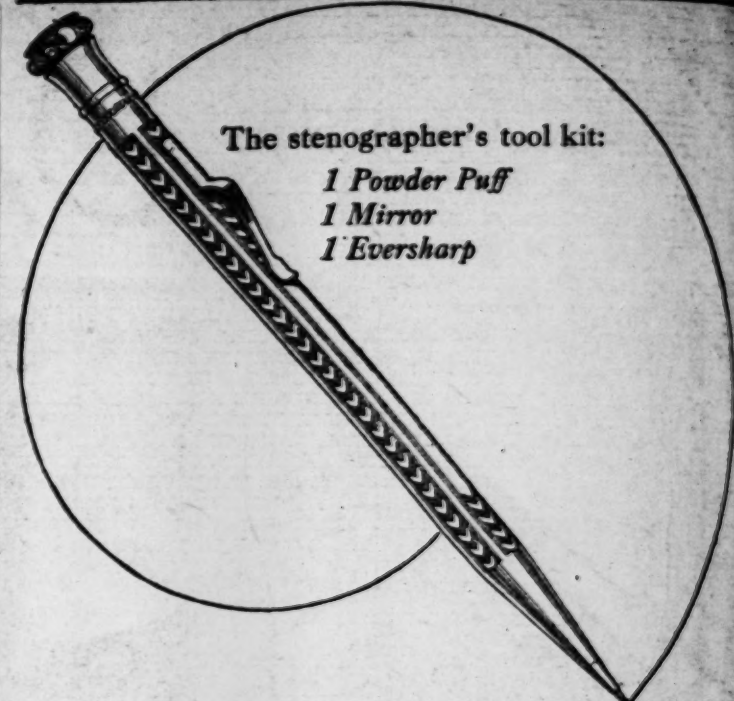

Should you be bothered with freckles, sallowness, liver spots—Black and White Ointment will remove these blemishes when used in connection with Black and White Soap. Black and White Soap, 25c the cake; Black and White Ointment, 25c the package, are sold and guaranteed by all drug and department stores. Free samples will be mailed you upon receipt of 10c with this advertisement. Black and White Box 1507, Memphis, Tenn.

OH, MAN—By BRIGGS

MORE TRUTH THAN POETRY  
By James J. Montague.

CRUEL AND UNUSUAL.  
In Russia all plays are propaganda for the Government, and play going is compulsory.

The dramatists of Petrograd  
Work not for self or fame,  
Nor do they write with keen delight  
Because they love the game.  
They do not ply their flaming pens  
With rare and noble rage,  
When they have caught a mighty thought  
To elevate the stage.  
They write to boost the Government,  
And well the wretches know  
That if they fail, they'll go to jail  
For thirty days or so.

The critic clan in Petrograd  
Do not employ their wit  
When'er they go to see a show  
In poking fun at it.  
Though often they're disposed, no doubt,  
To treat the drama rough,  
And with a punch express their hunch  
That it is rotten stuff.  
For if they say just what they think  
About the latest play,  
Full well they wot that they'll be shot  
When breaks the dawn of day.

On Monday nights in Petrograd  
The folks that don't turn out  
The play to see, are sure to be  
Admonished—with the knout—  
And if they are so indiscreet  
As not to join the claque,  
And don't applaud each tense "My Gawd!"  
They put 'em on the rack.  
Life's pretty tough in Russia now,  
But that, of course, must be,  
You understand, in any land  
That's absolutely free!

Horribles! What's worrying De  
Punter, the rhymers, these days?  
Wretches! He claims all great poets  
write their verse in attic and he  
hasn't any attic in his home.—Hous-  
ton Post.

Lived Up to His Motto.

"Give and take is my motto," re-  
marked the thug as he bestowed  
upon the citizen a scientific rap  
upon the occiput and then abstracted  
his valuables.—Boston Transcript.

With Pleasure.

"I beg your pardon," she said tim-  
idly, "would you please help the  
Working Girls Home?"  
"Certainly," said the man, brisk-  
ly. "Where are they?"—Baltimore  
American.

"Yes, that's Mrs. Jansen and her granddaughter. The grand-  
daughter is the one in the small hat."

A Gentle Hint.

"I say, Nell, I was reading that  
there are 60 different ways of cook-  
ing potatoes."  
"I've heard so, but boil'd—"  
"Well, don't you think it would be  
exciting to try one of the other 59  
ways once, just as an experiment?"—  
Washington Post.

So Will We.

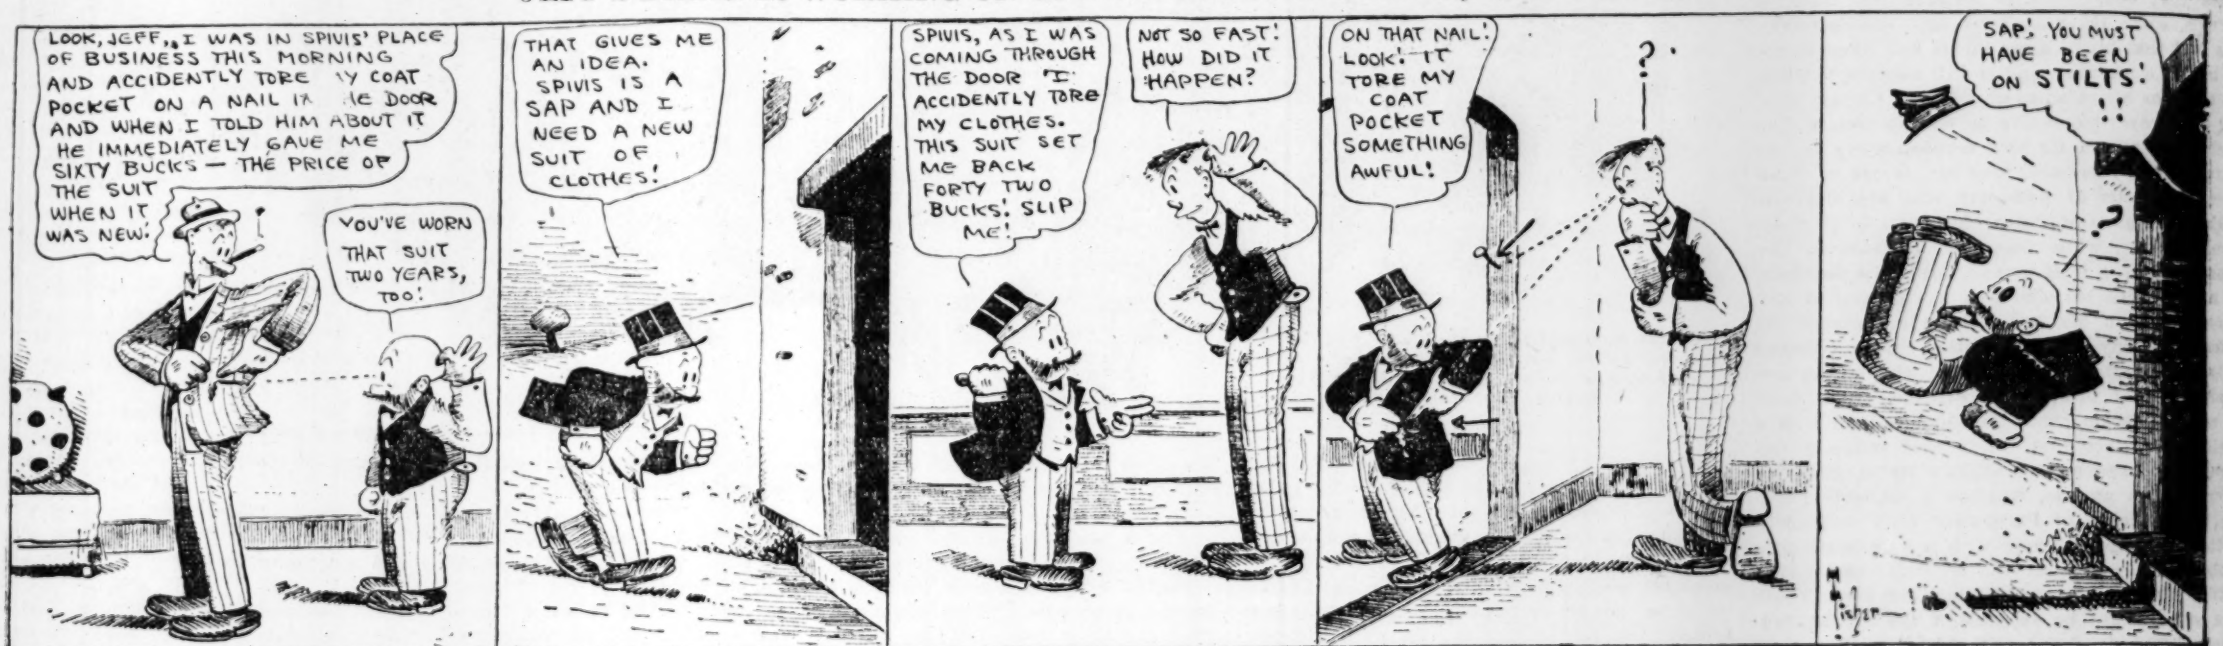

"The first shall be last, and the  
last shall be first," quoted the clergy-  
man.  
"Maybe," commented the Round-  
er.  
"But I'll bet ya Connie Mack's  
team don't win the American League  
pennant!"—Nashville Tennessean.

"Letties is a very careless girl."  
"When I told her to take a good  
look at young Fipkins the other day  
she dropped her eyes."—Baltimore  
American.

"Gull a bachelor!"  
"Yes, I'm nobody's fool."  
"Even at that one of the debu-  
tantes might consider you."—Louis-  
ville Courier-Journal.
